

WILL REQUIRE
STATE CHARTERFavorable Report on Bill To
Cause Railroads To Incorporate.Committee's Action Was Favorable
by a Vote of 14 to 12—Measure
Affects Southern and Its
Representatives Were
Heard From.

After a lively discussion the house committee on general judiciary late yesterday afternoon, by the close vote of 14 to 12, made a favorable report on the bill which, if passed, will cause the Southern railway to incorporate in Georgia.

The measure was introduced by Messrs. Hall, Knight, Underwood, Rankin, Tigner, Glenn, Richardson and Deal, and one of its most important sections provides that roads not incorporated in the state shall be regarded as trespassers and will not be entitled to defend any action brought against them for damages for injuries to persons or property until they do incorporate.

Not only this, but it stipulates that no person, persons or association of persons shall operate any railroad in Georgia or maintain any railroad along or across any public road or street or obstruct or public road or street with the tracks or buildings or structures of any character, unless first incorporating under the general laws of the state for the incorporation of railroad companies.

Unless thus incorporated, the bill declares that the occupation of any street or road, whether public or private, by the road shall be illegal.

Those who spoke on the bill were: For the measure, Messrs. Hall, of Bibb; Overstreet, of Screven, and Akin, of Bartow. Against the bill, Judge Hamilton McWhorter, Hon. Fleming duBignon and Mr. Wilson, of Clay.

Judge McWhorter asserted that the bonds of the Southern would be affected materially by the passage of the bill, and that it was unnecessary legislation. He said the company was paying its just proportion of taxes assessed against it, and was conducting its business in a perfectly legitimate manner.

Mr. Hall asserted that the bill was a good one and should become a law. He said the measure gave the state its proper control of the corporations that did business in Georgia, and placed all on a proper basis. He was of the opinion that when suits were brought against corporations they should be tried in the courts of the county in which the injury occurred. He thought it was not right to require plaintiffs in such cases to make long trips and incur many expenses because they were forced to go into the federal court, for the reason that the company was regarded in law as a foreign corporation.

Mr. Wilson contended that the bill was unnecessary. He said the Southern paid all the taxes assessed against it by the state, and no harm had come of the operation of the road under the existing system. Mr. Overstreet said he was heartily in sympathy with the bill and would support it. He asserted that he was an attorney for a road and had one of its passes in his pocket as one of its representatives, but when he came to the legislature he was there to represent his constituents and the people of Georgia, and he considered the measure in the interest of the state. Mr. Akin urged the favorable report on the bill, because he thought it gave the state a proper control of the corporations doing business in Georgia.

Mr. West of Lowndes, proposed several amendments, which were adopted. One of these corrected a clerical error in the bill and the other sought to make the provisions not apply to short trackage operated for other business interests and which might occasionally carry passengers and freight.

NINA DANFORTH
PLEADS GUILTYDeformed Girl Sent to House
of Correction for Man-
slaughter.

Cambridge, Mass., November 12.—Nina K. Danforth, the deformed Framingham girl, pleaded guilty here today to manslaughter in causing the death of Andrew J. Emery, who she shot and killed at his home in South Framingham on May 17 last. It was claimed that Emery had led the young woman to believe that he was in love with her and would marry her, and that she shot him upon learning that he had a wife and children.

She was sentenced to serve a year and nine months in the Cambridge house of correction.

The prisoner heard the sentence without apparent emotion. Mrs. Emery, the widow of the man who was killed, who occupied a seat in the witness box, burst into tears.

Few cases in this state have attracted more attention than this one. Miss Danforth, a child in appearance, because of her deformity, although 23 years old, upon learning of Emery's faithlessness, went to his home at midnight and while his wife and four children were in the house shot him, after having called him to the door. He fell dead almost in the arms of his wife, who had followed him down the stairs.

For months the lawyers in the case have been considering how proceedings should be conducted, for it was claimed on account of Miss Danforth's physical condition, as well as her mental suffering, it was doubtful if a jury would sustain a charge of murder. The matter was not decided until today, when the lawyers came to an agreement that a plea of guilty of manslaughter should be entered and that it should be accepted by the prosecution.

Silver Cheap in Manila.—The further decline in the price of silver has forced the government to raise the rate of exchange to \$25 Mexican for \$1 gold. The cheapness of silver has resulted in increasing the loss of the government and all other holders of silver.

Western Plunger. Has
Squandered for \$15,000,000 by Rocke-
feller, Gould and Others.

New York, November 12.—(Special.)—Two very dangerous spots in the market have been healed. John W. Gates and his crowd have been hard hit and large holdings by Moore Bros., of Northwest, which have been carried by loans in

banking institutions, have been reduced by 25,000 shares, purchased by W. K. Vanderbilt at 204.

The entire amount of stock was turned over to J. P. Morgan's banking house today and paid.

The effect on the market was electrical. Northwestern shot up to 224 in fifteen minutes and other stocks generally rallied in sympathy.

All Wall street realized today that some of the most powerful influences in the street were combined in a warfare upon what is known as the "western contingent," headed by John W. Gates. Report had it that up to the close of the market today Gates and his crowd had lost \$15,000,000.

The campaign against Mr. Gates has been accompanied by many false rumors regarding financial institutions and pretending to reveal quarrels between pools and Mr. Morgan. At the latter's instance the governors of the stock exchange are seeking to ferret out the rumor-mongers. It is said today that representatives of two large houses are more responsible than any other men or group of men for these rumors.

During the trading today many wild scenes were enacted. Pandemonium broke out time and again and transactions were made in 1,000-share lots almost to the exclusion of smaller traders.

That John D. Rockefeller and his allies had succeeded in disposing, at least to their present satisfaction, of the ambitions westerners was cited as proved by the late rapid advance throughout the list.

The Moore brothers, with their Rock Island scheme to put \$100,000,000 in their own pockets and with their further ambition to secure control of the Northwest, must be headed off," was the cry of John D. Rockefeller, E. H. Harriman, the Goulds and their millionaire allies. "These western disturbers, including John W. Gates, must be suppressed."

AMERICANS DIE
FOR COLOMBIASoldiers of Fortune Fall Before
Rebel Fire.

Richard Kane, of Washington, Killed
and Walker and Clark Are
Wounded—Forty or Fifty
of the Rebels Are
Killed.

Panama, November 12.—The first American casualties as a result of the revolution occurred yesterday. The Colombian fleet captured a boat having on board correspondence showing the whereabouts of two revolutionary schooners loaded with provisions. The government warships headed for the place, and on arriving there the Bogota (formerly the Jessie Banning) manned by an American crew, commanded by Captain Marmaduke, lowered two boats with armed men, but as the schooners were around them they waited until high tide to attack.

In the meanwhile the revolutionists were discovered in ambush close to the beach, and when the Bogota's boats pulled ahead the second time the sentinels opened fire on them, killing the ship's armorer, Richard Kane, of Washington, and wounding George Walker, who was shot through the legs. A seaman named Clark and Lieutenant Vasquez were also wounded, but not seriously.

The Bogota and the Chucuito then opened fire on the enemy and killed every man in sight. One shot fired at a group of ten rebels who were most actively engaged in shooting at the boats' crews killed every one of them.

Gunner Cross, of the Bogota, thinks that from forty to fifty rebels were killed. One of the schooners, the Helvetia, loaded with rice, was captured, but the first shot at the second schooner set her on fire and she was completely destroyed, with her cargo.

The body of Kane will be buried here with military honors.

AUGUSTA TO BORROW \$100,000.

Amount To Be Devoted To Building
Levee on River Front.

Augusta, Ga., November 12.—(Special.)—At a special meeting of the city council tonight the city was authorized to borrow not exceeding \$100,000 for five years at 5 percent to be devoted to building a levee on the river front. The loan is to be taxable and any part of it may be paid at the option of the city after two years.

It was also voted to abolish the board of assessors. This board has been accustomed to review the work of the city assessors, but this will henceforth be done by council. An ordinance was also passed fixing a street tax of \$1 on every voter or two days' work on the streets in event of failure to pay.

PROOF AGAINST

Letters Found Warning Her

About the Chain.

Cambridge, Mass., November 12.—The police spent today investigating the past life and movements of George L. O. Perry, the young negro who yesterday, upon the release of Alan G. Mason, was charged with the murder of Miss Clara A. Morton, at Waverly.

Tonight the Somerville police found Perry's sweetheart, and after persuasion, got her to exhibit whatever jewelry she had received from Perry. Among the jewels was a gold chain which was immediately recognized as having belonged to Miss McPhee. Private marks on the chain proved the identification and the jeweler who sold it to Miss McPhee later described his own work upon it. The chain had been given by Perry's sweetheart to her sister.

The officers next secured letters written by Perry to his sweetheart, and one to her sister, and in the latter missive there is reference to the time when he was under treatment by a Christian Science healer, died tonight. Miss Hoge is the daughter of Holmes Hoge, the assistant cashier of the First National bank, of Chicago. She came here October 17, intending to act as bridesmaid for her former school class, Miss Ethel H. Bogan, and was taken ill.

No physician of the regular school was called in until a short time before Miss Hoge died, but the patient's portion of the time of her illness has been in charge of Mrs. Ellen Brown Linscott, a Christian Science healer, who said tonight that Miss Hoge had suffered from typhoid fever. An autopsy on her body will be held tomorrow.

San Francisco, November 12.—(Special.)—The Pacific mail steamer Newport, which arrived from Central America today, brought details of the eruption of the volcano of Santa Maria, which spread ruin over a section of northern Guatemala on October 25. Advice brought by the Newport show that Guatemala is using every effort to suppress the facts concerning the eruption and to minimize the amount of damage.

The news brought by the Newport amounts to almost a positive proof that many lives were lost as a result of the fall of ashes from the volcano; that thousands of horses, cattle and other animals were killed and that the rich coffee districts of the republic are ruined.

It is reported that the loss of the new crop of coffee will amount to \$50,000,000 cents, or 15,000 tons.

Some of the finest and most expensive plantations in Guatemala are entirely ruined and the rate of exchange has risen to 1200 per cent. Roads and bridges leading inland from Champerico were ruined by the weight of ashes, mud and stones, falling from great heights.

Some of those on the Newport said that fully a thousand persons perished in the upheaval.

FOUR TOWNS DESTROYED
WITH GREAT LOSS OF LIFE

At Champerico, however, the conditions were such that the news could not be suppressed. The whole town and the long pier that jutted into the sea were covered during the Newport's visit by a heavy cloud of white ashes that still continued and covered the steamer's decks and made breathing difficult.

Americans in Champerico said the town of Palmar, San Felipe, Colombia and Coatepeque had been destroyed, with probably great loss of life. The ashes thrown from the volcano still lay over the plantations and towns to a depth of six or seven feet and houses had been crushed by the weight of mud, stones and debris. The towns of Retalhuleu, Masatenango and Quetzaltenango are reported to have suffered very little. Details of the real situation were, however, just beginning to be received at Champerico in intelligent form.

The destruction of crops and live stock in the interior makes famine imminent. One firm, with headquarters at Champerico, offered \$2,000 to any one who would go to their plantation, near the volcano, and secure definite information of conditions, but no one would take the risk.

Washington, November 12.—Miss Louise Hoge, of Evanston, Ill., who has been ill here for almost a month, and who has been under treatment by a Christian Science healer, died tonight. Miss Hoge is the daughter of Holmes Hoge, the assistant cashier of the First National bank, of Chicago. She came here October 17, intending to act as bridesmaid for her former school class, Miss Ethel H. Bogan, and was taken ill.

No physician of the regular school was called in until a short time before Miss Hoge died, but the patient's portion of the time of her illness has been in charge of Mrs. Ellen Brown Linscott, a Christian Science healer, who said tonight that Miss Hoge had suffered from typhoid fever. W. GODFREY HUNTER RESIGNS.

Combes Will Succeed Him as Minister
to Guatemala.

Washington, November 12.—W. Godfrey Hunter has tendered his resignation as United States minister to Guatemala. The president has accepted the resignation and has selected Leslie Combes, the present United States pension agent at Louisville, to succeed Dr. Hunter as minister at Guatemala City. Mr. Hunter is also minister to Honduras and Mr. Combes will likewise assume that post.

Dr. Hunter has had a stormy career in Central America, ever since he went there in 1897. It is assumed that he has at least become tired of the struggle, for it has been known for some time he contemplated resigning. The place pays \$10,000 a year.

Baltimore, November 12.—John K. Messersmith, the cotton broker who was convicted last June of having fraudulently obtained \$25,000 from the Merchants National bank, was sentenced today by Judge Ritchie, in the criminal court, to two years in the penitentiary. Messersmith presented to the bank bogus bills of lading for cotton and upon them received bank accommodation. The bills were old bills with the dates changed. His counsel today withdrew a motion for a new trial, and the sentence followed.

SENATOR MARK HANNA

TO GAME OF POLITICS

By Jos. Ohl.

Washington, November 12.—(Special.)—In a letter written to a close political friend here, Senator Hanna, not only declares that he will not be a candidate for the presidential nomination, but goes farther.

He states in positive terms that if he can have his own way he will not be a candidate to succeed himself as senator from Ohio, nor will he be content to act as chairman of the republican national committee after the next national convention. He will remain in charge of the committee up to that time, however.

The national committee is made over by each national convention, and if Senator Hanna means what he says in this letter, and he usually means what he says at all times, his party will be without his masterly leadership in the next national campaign.

the Case.

Rome, November 12.—According to The Tribuna, Italy purposes to make an international matter of the arrest in Boston, Mass., of Mascagni. The Tribuna says today:

"Mascagni has telegraphed Premier Zanardelli requesting the intervention of the Italian government to protect him from the vexatious treatment of which he says he has been a victim in America. Signor Zanardelli replied to the musician, assuring him of the interest taken in his case by the government, and informing him that he would request Signor Prinetti, minister of foreign affairs, to take up the matter. Signor Prinetti immediately took up Mascagni's case."

Signor Prinetti is awaiting the receipt of a report from the Italian embassy at Washington before acting in the affair. United States Ambassador Meyer has not been asked for an explanation, although he dined with members of the foreign office last night.

in Augusta.

Augusta, Ga., November 12.—(Special.)—Since the funeral of Senator Sullivan yesterday the question of his successor has been actively discussed in Augusta, the fact that the legislature is in session and the district without representation requiring prompt action.

A number of names have been suggested by their friends, the most seriously considered being C. Henry Cohen and Captain J. Rice Smith. Mr. Cohen has been absent in New York for the past week and only returned home today. He declared that his professional business engagements would make his acceptance of a sacrifice that any party exigency demanded of him and when he found that Captain Smith would stand for the office Mr. Cohen promptly gave his endorsement of his candidacy. There seems to be no doubt now that Captain J. Rice Smith will be elected without opposition from any source. The special election has been ordered by the governor for December 6.

The detachment of the Fifth infantry in question has been placed on guard along the Marquina river, where Manila receives its water supply, as it was deemed necessary to protect the stream from possible pollution. The cholera developed while the men were on this duty.

It was believed that cholera had entirely disappeared from Manila, and its re-appearance has created feelings of apprehension.

Awaits the Arrival of
the President.

Cincinnati, Ohio, November 12.—(Special.)—President Roosevelt is speeding on his way to Smides, Miss., about 25 miles north of Vicksburg, for a four days' bear hunt. The place selected for the hunt is some miles from the railroad and is in the region which was formerly the favorite hunting ground of General Wads Hampton, the famous leader of the Confederate Black Horse cavalry. General Hampton at one time owned a plantation in this vicinity and hunted black bears in the cane brakes with horses and hounds. Before the war he is said to have killed over fifty bears in a single season, some of them with a knife.

Some years ago the president and General Hampton planned a hunt in this region, but it was never made, and when President Stephen P. Fish, of the Illinois Central, proposed the present trip, the president readily assented. The president, however, does not anticipate the pleasure of killing a bear so much as the pleasure of a few days' complete recreation in the woods.

He has had a hard and trying summer and fall and feels that he has earned a holiday. To one who has hunted grizzlies in the Rockies, black bear are not very big game. But hunting bears with horse and hounds will be a new experience to him. If a bear is not secured it will not be the fault of Mr. Fish. He has arranged to have one of the best packs of hounds in the Mississippi delta at the camp.

Tomorrow morning upon the arrival of the president's train at Memphis he will be joined by Mr. Fish and John McEhenry, of Louisville, who was a lieutenant in the president's regiment during the Spanish-American war. The train will then proceed to Smides over the Mississippi and Yazoo railroad.

Trip Across Ohio.
The president's trip across Ohio today was pleasant but uneventful. Despite the fact that the itinerary had not been published in advance there were waiting crowds at almost all the stations and there were plenty of cheers as the train swept by. At Trinway, a small place west of Dennison, the school children lined up on either side of a large American flag and waved their handkerchiefs. The president stepped out on the rear platform and waved his hat in response to the demonstration of the little ones.

Gladden Greets Roosevelt.
The gallery of the station overlooking the tracks at Columbus was crowded with people. Dr. Washington Gladden, the eminent divine, and General W. W. Axline greeted the president as he stepped out of his car. After a brief chat with them the president went forward and shook hands with the engineer and firemen who were leaving at the end of the division and thanked them for the safe run. Then for several minutes the president and Secretary Cortelyou paced up and down the platform in sight of the crowd on the gallery. He was given a parting cheer as he boarded the train to resume his journey. At Cincinnati the president's train stopped from 10 to 11 A. M. A large crowd was in waiting, but they were kept without the gates and a space surrounding the president's train was kept clear by a platoon of police, while the cars were switched from the Pennsylvania to the Louisville and Nashville tracks and engines were changed. Here General Basil Duke, R. W. Knott, editor of The Louisville Post, General Passenger Agent C. L. Stone, Superintendent C. A. Davies, J. D. Harlan, C. W. Williams, Trainmaster John Harris and other officials of the Louisville and Nashville, raised a shout of greeting for the president as he stepped out of his car. General Basil Duke and Editor Knott were special guests of the president in his car when the train left Cincinnati, but the president put in all his time during the stop on the platform greeting friends.

ETERNAL HATE FOR THE UNION

Coal Barons Say They Will Never Recognize Organization.

Washington, November 12.—That the anthracite coal mine owners will resist to the utmost every effort to make the recognition of the United Mine Workers of America an issue in the arbitration which is now in progress is made evident by the replies to the statement of President John Mitchell, of the miners' organization, which have been filed with the strike commission. There are five of these answers in addition to that of President Baez, which was given out yesterday and dwell with special emphasis on the marked unanimity on this point. They also agree in resisting the demands of the miners for increase of pay for piece work, a reduction of hours for time work and for the weighing rather than the measurement of coal.

KILLED BY FALL FROM TRAIN.

Dead Body of Charles R. Rowe Found Near City—Believed To Be from New York.

The dead body of Charles R. Rowe, a cigar maker, was found yesterday morning between the tracks of the Southern and Western railroads near the 8-mile crossing. The top of the man's head bore a wound, and it is supposed that he fell from a train passing on the track of one of the roads. His identity was disclosed by papers found on his person. No one has been found who knew Rowe, but it is believed that his home was in Syracuse, N. Y. He had a book on his person showing that he joined the Cigar Makers' Union of Syracuse in 1880, and also that he had been a member of the Union No. 266, of Memphis up to November 1.

MRS. MAY WHITTAKER, SAVANNAH, GEORGIA.

President Savannah Woman's Improvement Club.

No. 604 Thirty-ninth Street, West, Savannah, Ga., May 14, 1902.

There are but few families that have not from time to time serious illness in the home. At such times the first question is what is the safest and quickest way to regain the health of the sufferer. In my home and among women relatives and friends we have come to the conclusion that doctors are an expensive luxury. Their prescriptions may sometimes relieve, but for real, permanent cure I know of nothing but Wine of Cardui. I can so surely depend upon Wine of Cardui. It must be a skillfully prepared medicine for it seems to answer the purpose in numerous complaints peculiar to women. I learned of its value personally three years ago when two bottles cured me of periodical pains and I was so pleased with the results that I recommended it to a number of friends. I have known of severe cases of inflammation and ulceration which were cured in a few

May Whittaker.

Mrs. Whittaker is a highly intellectual woman, and as president of a prominent Savannah woman's organization her words are worth consideration. She has made up her mind that doctors are an expensive and often unnecessary luxury, and that Wine of Cardui is a medicine that can be depended on. Besides being sure and more lasting as a remedy for the trifling case of Wine of Cardui commends this great remedy to every suffering woman. If every woman in the land today would study existing conditions as Mrs. Whittaker has studied them she would come to the same conclusion regarding Wine of Cardui. Every woman has friends who have paid doctors' bills for years with no particular result. Many families have been dragged down to poverty in this way. At Cardui, purchased from druggists at a nominal cost. Wine of Cardui cures menstrual disorders and drives weakness from the female system. You can get the same good health as Mrs. Whittaker by securing a \$1.00 bottle of Wine of Cardui today.

CROCKETT GORDY ENDS HIS LIFE

Prominent Citizen of Chatahoochee Commits Suicide.

Began Letter to His Wife, but Paused in Middle of Sentence and Killed Himself—His Mind Was Probably Unbalanced, Causing Deed.

Columbus, Ga., November 12.—(Special.) D. Crockett Gordy, one of the most prominent citizens of Chatahoochee county, killed himself at noon today at his home at Elbeck, Ga., some 10 miles below Uxbridge.

Mr. Gordy left the table before he had completed his dinner, and going to his room shot himself in the head with a pistol. He had begun a letter to his wife in which he gave directions about various business matters, but paused in the middle of a sentence and committed the fatal deed without waiting to complete the sentence.

His family heard the shot and rushed to his room to find him dying. The fact that he left the sentence incomplete showed that he was laboring under mental aberration at the time. His friends in Columbus are convinced that his mind must have been impaired at the time he took the rash step, as he was in the city yesterday and was in his usual cheery mood.

A gentleman who left his house this morning at 8 o'clock, coming through the city, says that at the time he left him he noted nothing unusual in his conduct, and he did not seem to be in any way nervous or depressed. The first intelligence of the sad affair was received early in the afternoon by L. A. Scarbrough, Mr. Gordy's brother in law, in the shape of a telegram from Uxbridge.

Mr. Gordy was between thirty-five and forty years of age. He was twice married, and is survived by three children and a number of step-children. He is survived by six brothers—Dr. F. M. Gordy, of Cusseta; J. J. Gordy, of Richland; Dr. A. P. Gordy, of Elbeck; and W. L. Gordy, of Columbus, and C. L. Gordy, of Little Rock, Ark. Mrs. L. A. Scarbrough, of Columbus, is his sister.

The officer also fired, fatally wounding Potter. Clarence, a brother of Boone Potter, also struck the officer with a stick, fracturing his skull.

Club Formed for Social and Business Purposes.

The Boat and Shoe Club Is Title of Organization—E. B. Harris Is Elected President—Other Central City News in Brief.

Macon, Ga., November 12.—(Special.)—There have gotten to be so many shoe stores in Macon, the proprietors of each have decided to form a combine; which is a mixture of social and business purposes, if such a thing is possible.

The name of the club is The Boat and Shoe Club, and the following officers were elected at last night's meeting, after the organization of the club was perfected: President, E. B. Harris, vice president, G. H. Thorpe, secretary, W. G. Middlebrook, and treasurer, Albert Taylor.

In the morning session of the superior court, the three cases of the Standard Distilling and Distributing Company v. Johnson Brothers were taken up, and a verdict entered in favor of the plaintiff. In this case the plaintiff claimed that the defendants owed them three bills, amounting to \$4, \$7.50 and \$13.34, respectively. The case was set for trial on Monday, the 17th.

The Bibb county grand jury was in session this morning.

Funeral of A. B. Small.

The remains of A. B. Small, Jr., who died in Beaumont, Tex., are expected to arrive in this city tomorrow at 4 o'clock over the Southwestern, accompanied by A. B. Small and Mrs. Clem F. Small, who were with the young man when he died.

Friday at 11 o'clock a. m. special funeral services will be held at the home of A. B. Small, Mr. Small's mother being unable to attend the services at church. Immediately after, the service at the First Baptist church will be conducted by Rev. J. L. White.

The Macon Volunteers will accompany the funeral cortege as honorary escort, and the active pallbearers will be selected from the volunteers.

The active members of the Kappa Alpha fraternity of Mercer university will also act as honorary escort to the grave. They are Messrs. Burrell, Stephens, A. David Quarles, Walter Hunter, Edward L. Howell, Carl F. Hutcheson, Clayton R. Denmark, John J. Craft, James Craft, Edgar Smith, Merck Richards, Harry Stovall and Mark A. Richards.

The military pallbearers are Lieutenant Baxter Jones, First Sergeant Homer Starr, Sergeant Copper Winn, Corporal Lowe and Private Wilson.

City Lighting Bid Accepted.

The regular meeting of the city council was held last evening, with Mayor Smith presiding. The most important business before the meeting was the report of Alderman Mayer, as chairman of the finance committee, on the bid of the Macdon Railway and Light company for the lighting of the city. It was agreed to accept the bid of this company. The committee on public property asked permission of council to run a tunnel under Ash street, which was granted.

An ordinance was introduced providing for a repeal of the rate fixed for cemetery lots, in order that these lots may be sold for their value, rather than be limited to a certain amount. This ordinance was referred to a committee on ordinances for further consideration.

Other matters of minor interest came up, after which council adjourned until next Tuesday evening.

Williams-Jemison Wedding.

Miss Lillian Williams and Mr. John Boileau Jemison, both of Columbus, were married tonight at 8:30 o'clock at the residence of Mr. and Mrs. J. H. Williams, on High street.

The marriage was an important social event, on account of the prominence of the young people. Mr. Jemison is a former Macon boy, now a successful business man of Thomasville. He is a son of Mr. R. W. Jemison, of Macon.

The bride is a daughter of Macon's well-known jeweler, Mr. J. H. Williams, and was a social favorite here.

Captain Davis Exalted Ruler.

At a meeting of the Elks last night Captain W. A. Davis was elected exalted ruler of the local lodge, succeeding Professor E. L. Martin, who resigned a few weeks ago.

The Elks are popular and in large numbers in this city; and seem to be growing in number every week. Captain Davis is a popular member of the lodge.

Bernice Bridwell Dies.

Bernice, the little daughter of Mrs. C. W. Bridwell, died at the home of her mother in this city this morning at 4 o'clock. The funeral services were held this afternoon at 3 o'clock, Rev. I. F. Griffith officiating. Interment was at Cedar Ridge.

Tried To Pass Bogus Money.

In the recorder's court this morning the case of Graver C. Tucker attracted some attention. Tucker was found guilty of trying to pass a five-dollar confederate bill in a restaurant last night. He was bound over to the superior court on a bond of \$500. Tucker is a white man, of average intelligence, and is generally considered to be a worthless fellow for good money in change.

MRS. NALLY'S FUNERAL TODAY

She Lived in Atlanta Thirty-six Years—Interment Takes Place at Oakland.

Mrs. Martha Nally died at her late residence, 131 South Forsyth street, Tuesday morning at 8 o'clock after a brief illness from heart trouble. She was 66 years of age and had lived in Atlanta thirty-six years.

She is survived by her husband, who is a confederate soldier and by a brother, Thomas Nally, of this city. The funeral services will be held from the church of the immaculate Conception this morning at 10 o'clock. The interment will take place at Oakland.

BOY BANDITS BOUND OVER.

Walter Harrison and His Two Companions Must Stand Trial.

Walter Harrison, Edward Henderson and Louis Carter, the three boy robbers who were accused of appropriating to their own use \$500 of the funds of the Standard Telephone Company, were bound over to the criminal branch of the superior court by Recorder Broyles yesterday morning.

The bond of each of the boys was fixed at \$500, and as no one of them was able to secure bond to that amount they were all carried to the Tower, where they will be allowed to think at leisure over the scene which they have caused so well, but which finally was their undoing. They brought them to the trouble which they have been in during the past few days.

Salt Rheum

It may become chronic.

It may cover the body with large, inflamed, burning, itching, scaling patches and cause intense suffering. It has been known to do so.

Do not delay treatment.

Thoroughly cleanse the system of the humors on which this ailment depends and prevent their return.

The medicine taken by Mrs. Ida E. Ward, of Salt Lake, Utah, was Hood's Sarsaparilla. She writes: "I had a disagreeable itching on my arms which I concluded was salt rheum. I began taking Hood's Sarsaparilla and in two days felt better. It was not long before I was cured and I have never had any skin disease since."

Hood's Sarsaparilla

Promises to cure and keeps the promise. It is positively unequalled for all cutaneous eruptions. Take it.

Captain Hall Addressed

Large Audience at the

Capitol Last Night.

PICTURES OF SCHOOL SHOWN

Captain English and J. K. Orr Also

Spoke of the Benefits To Be

Derived from Study at the

Georgia School of

Technology.

Captain Lyman Hall, president of the Georgia School of Technology, last evening conducted a large audience of members of the legislature and friends through the various departments of the school with the aid of a stereopticon.

He explained the work in all the departments, while interesting pictures were displayed of actual scenes, showing students pursuing their studies in the shop and school room. The lecture was delivered in the hall of the house of representatives at the state capitol.

A large screen was placed back of the speaker's desk and upon this was shown the pictures of the school buildings, apparatus, instructors and the students at work.

In addition to explaining in detail all the work accomplished by the school, Captain Hall gave figures to show that similar schools in other southern states received larger annual maintenance funds than that given to the Georgia School of Technology.

The table given by him was as follows: Alabama, \$60,000; North Carolina, \$50,000; Virginia, \$125,000; Mississippi, \$75,000; South Carolina, \$97,000; and Georgia, \$40,000.

Captain James W. English also made a short speech, in which he commended the work of the school and the efforts of the legislature to support it. He also presented the question of technical education in a way that was unanswerable. He made an earnest plea for a more generous recognition of the school by the general assembly and asserted that he would be perfectly willing to have his own taxes doubled if the legislature would only double the amount of the school fund.

President J. K. Orr, of the Atlanta chamber of commerce, made an informal address in which he said it was a good business proposition for Georgia men to equip their sons with a technical education. He said that the school was a part of the great industrial development of the south. He felt sure there was a great future for the state when the young men were given an opportunity to master those things that would advance their great business interests of the commonwealth.

Mr. Orr was accorded a very flattering reception.

Hon. Newt Morris, speaker of the house, introduced Captain Hall when that gentleman began his lecture.

REMARKABLE CURE.

Of New Catarrh Cure.

A large and constantly increasing majority of the American people are suffering from catarrh of the bladder. This is not entirely the result of our changeable climate, but because of the use of stimulants and other things that many diseases, known by various names, are really catarrh. Formerly the catarrh was applied to the bladder, but now it is applied to the stomach, liver, bladder, kidneys and intestines are subject to catarrh as diseases as well as the nasal passages. In fact, wherever there is mucous membrane there is a feeding ground for catarrh.

The usual remedies, inhalers, sprays, douches or powders, have been practically failures, as far as anything more than temporary relief was concerned, because they simply dry up the mucous secretions, without having the remotest effect upon the blood and liver, which are the real sources of catarrhal diseases.

It has been known for some years that the radical cure of catarrh could never come from local applications, but from an internal remedy, acting on the blood and expelling the catarrhal poison from the system.

An internal preparation which has been on the market only a short time, has met with remarkable success as a genuine radical cure for catarrh. It is called Stuart's Catarrh Tablets, and is a pleasant tasting lozenge, composed principally of antiseptic ingredients, such as Red Gum and similar catarrh specifics.

Dr. Ainslie in speaking of the new catarrh cure, said: "I have tried the new catarrh remedy, Stuart's Catarrh Tablets, upon thirty or forty patients with remarkable success. It has cured the most obstinate cases of catarrh of the bladder and throat more effectively and more rapidly than any douche or inhaler that I have ever seen, and although they are what is called a patent medicine and sold by druggists, I do not hesitate to recommend them. I know them to be free from cocaine and opiate, and that even a little child may use them with entire safety."

Any sufferer from nasal catarrh, throat or bronchial trouble, catarrh of the stomach or liver or bladder, will find Stuart's Catarrh Tablets remarkably effective. Pleasant, convenient, and your druggist will tell you they are absolutely free from any injurious drug.

BANKERS FAIL TO MAKE STAND

No Decisive Action in Regard to the Currency Question.

Provision, However, Made for Appointment of Committee To Report at Next Meeting—Addresses by Dawes and Others.

New Orleans, November 12.—The attitude of the American Bankers' Association toward the currency question was fixed at the session today. No decisive stand was taken on the questions of assets, currency or branch banking, it being considered unwise to act until a solution of the questions had been evolved, but provision was made for the appointment of a committee to carefully consider the entire subject to report at the next meeting. The same resolutions stated the association's approval of a law imparting a greater degree of elasticity to the currency system, to make it responsive to the demands of the business interests of the country.

The discussions of these questions today were very thorough and interesting. Ex-Comptroller of the Currency Charles C. Dawes, Congressman Charles N. Fowler and Editor Horace White, of the New York Evening Post, were the stars in the discussion. Not two of them agreed fully, though Mr. White was on the side of the questioned championed by Mr. Fowler.

Mr. Dawes made a vigorous speech against a permanent system of assets currency, though he approved the idea of an emergency currency.

Colonel Lowry T. Heard, Under Secretary of the Treasury, Colonel Lowry of Georgia, asked that Mr. Kittredge, the secretary of the bureau of education, be allowed to say a few words about the bank clerks' institution.

Mr. Kittredge made a short verbal report in addition to the formal report made yesterday.

John L. Hamilton, chairman of the committee on fidelity insurance, took up the report of that committee, which was formally presented yesterday.

The call of the states was deferred until later. The discussion of the currency question was then begun. Congressman Charles N. Fowler spoke on the assets currency and branch banking. He discussed the features of his bill extensively.

Congressman Fowler did not spare the bankers, but criticized them with a freedom, however, which won applause. He was given an ovation when he had concluded, although more than once when he asked if the convention did not agree with the doctrines he was expounding he was answered "No."

Continuing Mr. Fowler said: "During the past five years—which had been a most wonderful period in the history of this country—the balance of trade in favor of the United States has been \$2,000,000,000. Add to that our production of gold of about three hundred millions and the grand total is three billions. Judging from that we ought to have five hundred millions more."

How much have we added? We have added just five hundred millions, as a matter of fact. We have added approximately one billion, five hundred millions of money and we have on the other side coming due in the next three or four months about three hundred millions of obligations. How are we going to stop the gold from going to Europe? It's impossible. The whole of Europe can come into our treasury and should it be the case that the United States condition would not exist if the United States notes were retired and the burden was thrown on the banks. Never was there a greater need than now for a financial system in this country. What we have is simply a catch-as-catch-can, go-as-you-please sort of arrangement. The eighteen million people in this country who are converting their products into twenty billion dollars annually and sending exchange bounding above the hundred-million mark, are not used to a system that is above the caprice of a secretary of the treasury."

Resolutions Adopted.

At the afternoon session a resolution favoring the Louisiana Purchase exposition was referred to the executive council.

J. J. Sullivan, of Cleveland, offered the following, which was adopted without objection:

"Whereas, Experience has demonstrated the inadequacy of our present currency system and believing that the best interests of the country demand a system flexible as well as stable; be it resolved, That the American Bankers' Association record its unqualified approval of the enactment of a law imparting a greater degree of elasticity to our currency system, making it responsive to the demands of the business interests of the country."

"Resolved, That we favor the appointment of a committee of seven members of the association selected with reference to their ability and high character as bankers and their experience in monetary affairs and representing different parts of the country, for the purpose of carefully considering the entire subject and report to the next meeting of this association."

A. J. Frame, of Milwaukee, called up his resolution reported without action by the executive council, opposing in vigorous language the enactment of a law for assets currency and branch banking.

Chairman Biglow, of the executive council said the council had declined to act on the resolution because it did not believe it wise to place the association on record on that subject before an adequate solution had been voted of \$3 to \$1.

Emergency Currency.

Congressman C. A. Pughley, of New York, delivered an address on "An Emergency Currency."

Willis B. Payne, of New York, delivered a brief address on "An Emergency Currency," in which he urged the necessity of having proper provision in the law for an emergency currency.

The present currency was barely sufficient for trade, he said, and indications were that with a continuation of the present prosperity there would be a still greater demand for currency. The government obligations due to the recent prodigality of congress would shortly fall due and that would require a great deal of money. He suggested a highly taxed emergency currency, which would be retired as soon as the emergency ceased.

A resolution by John L. Hamilton, of Illinois, providing for the creation of a committee of nine to investigate the currency question and evolve a solution, was presented from the executive council, but referred back to it by the convention.

The call of the states then proceeded and five minute speeches were made presenting the resources of each state. Alabama, Arkansas, California, Connecticut, Florida and Georgia were heard and then the convention adjourned until 9 a. m. tomorrow.

All of the important business has been concluded except the election of officers.

Have You Kidney or Bladder Trouble?

The Case of Mrs. Nancy Ball.

There are no diseases that more quickly and surely derange the entire constitution than Kidney or Bladder trouble, and it befalls every man and woman suffering from these diseases to have themselves cured at once. The body depends upon the Kidneys to throw off the waste matter of the system, and when it fails to do this the result is a serious weakening of the heart. Also rheumatism could not exist if it were not for weak and deranged Kidneys.

Mrs. Nancy Ball, proprietor of the Ball House, Columbia, Miss., says: "I was for a long time a great sufferer from dropsy complicated with Kidney and Bladder trouble; my feet and hands were swollen and at times I was unable to walk about. My family physician had exhausted his skill in the treatment of my case without giving me any relief. I was then induced to give Smith's Sure Kidney Cure a trial and to my utter astonishment the first bottle relieved me, and on the perfect health and able to attend to all my duties about the hotel. I consider Smith's Sure Kidney Cure the greatest medicine of the age."

Mrs. Nancy Ball, Columbia, Miss.

Smith's Sure Kidney Cure contains nothing harmful but nevertheless it will entirely cure Bright's Disease, diabetes, dropsy, gravel, stone and bladder trouble, frequent desire to urinate, pains in the back, legs, sides and over the Kidneys, swelling of the feet and ankles, retention of urine, scalding pain in the bladder, wetting the bed—in short, every form of Kidney, bladder and urinary trouble in man, woman or child.

WILL REPORT DISAGREEMENT

Charter Conference Committee Failed in its Purpose.

At the session held yesterday afternoon of the charter conference committee it was finally decided that the only thing that they could do was to reach a disagreement. They had tried to get together—had tried for hours, and failed. There seemed to be no prospect of arriving at an agreement, so they agreed to disagree.

Several of the members of the conference were approached by a representative of The Constitution. They refused to be interviewed. "Nothing to say." By the time the sixth man had been interviewed the three words sounded like a chorus. One of the gentlemen admitted that the one thing that they did agree on was that nothing should be given out for publication concerning the conference, but he prematurely prejudiced.

This evening a special call has been made for a meeting at the mayor's office, when the members of the subcommittee will report to the conference committee their inability to reach an agreement.

There was considerable comment around town about the matter last evening. There were a good many who said, "I told you so." The members of the committee felt that they had not been treated with the dignity and respect due the fathers. Of course the committee denied this, and referred to the fact that they had asked for a conference with council and that their invitation had been ignored.

CROCKETT GORDY ENDS HIS LIFE IN COMBINATION

Prominent Citizen of Chatto-
hoochee Commits Suicide.
Club Formed for Social and
Business Purposes.

Began Letter to His Wife, but Paused
in Middle of Sentence and Killed
Himself—His Mind Was
Probably Unbalanced,
Causing Deed.

Columbus, Ga., November 12.—(Special.)
D. Crockett Gordy, one of the most
prominent citizens of Chattohoochee coun-
ty, killed himself at noon today at his
home at Elbeek, Ga., some 10 miles below
Upstate.

Mr. Gordy left the table before he had
completed his dinner, and going to his
room shot himself in the head with a
pistol. He had begun a letter to his
wife in which he gave directions about
various business matters, but paused in
the middle of a sentence and committed
the fatal deed without waiting to com-
plete the sentence.

His family heard the shot and rushed
to his room to find him dying. The fact
that he left the sentence incomplete
showed that he was laboring under men-
tal aberration at the time. His friends
in Columbus are convinced that his mind
must have been impaired at the time he
took the rash step, as he was in the city
yesterday and was in his usual cheery
mood.

A gentleman who left his house this
morning at 8 o'clock, coming through to
the city, says that at the time he left
him he noted nothing unusual in his con-
duct, and he did not seem to be in any
way nervous or depressed. The first in-
telligence of the sad affair was received
early in the afternoon by L. A. Scar-
brough, Mr. Gordy's brother in law, in
the shape of a telegram from Upstate.

Mr. Gordy was between thirty-five and
forty years of age. He was twice mar-
ried, and is survived by three children
and a number of step-children. He is
survived by six brothers—Dr. F. M. Gor-
dy, of Cusseta; J. J. Gordy, of Richland;
Dr. A. P. Gordy, of Fred Gandy; and
Gordy, of Columbus, and C. L. Gordy, of
Little Rock, Ark. Mrs. L. A. Scarbrough,
of Columbus, is his sister.

Mrs. Martin Nally died at her late resi-
dence, 191 South Forsyth street, Tuesday
morning at 8 o'clock after a brief illness
from heart trouble. She was 66 years of
age and had lived in Atlanta thirty-six
years.

She is survived by her husband, who is
a Confederate veteran, and by one brother,
Thomas Nally, of this city. The funeral
services will be held from the Church of
the Immaculate Conception this morning
at 10 o'clock. The interment will take
place at Oakland.

panions Must Stand
Trial.

Walter Harrison, Edward Henderson
and Louis Carter, the three boy robbers
who were accused of appropriating to
their own use \$250 of the funds of the
Standard Trust Company, were bound
over to the criminal branch of the su-
perior court by Recorder Bryson yes-
terday morning.

The bond of each of the boys was fixed
at \$200, and as no one was able to
secure bond to that amount they were
all carried to the Tower, where they will
be allowed to think at leisure over the
scene which they planned, and which
brought them the trouble which they
have been in during the past few days.

City Lighting Bid Accepted.
The regular meeting of the city council
was held last evening, with Mayor Smith
presiding. The most important business
before the meeting was the report of Al-
bert Taylor, chairman of the city lighting
committee, on the bid of the Macon
Railway and Light Company for city
lighting.

It was agreed to accept the bid of the
company. The contract provides for the
purchase of the local lighting system, and
the property asked permission of council to
run a tunnel under Ash street, which was
granted.

An ordinance was introduced providing
for a repeal of the rate fixed for cemetery
lots, in order that these lots may be sold
for their value, rather than be limited to
a certain amount. The ordinance was
referred to a committee on ordinances for
further consideration.

Other matters of minor interest came

BOY BANDITS BOUND OVER.
Walter Harrison and His Two Com-
panions Must Stand
Trial.

Walter Harrison, Edward Henderson
and Louis Carter, the three boy robbers
who were accused of appropriating to
their own use \$250 of the funds of the
Standard Trust Company, were bound
over to the criminal branch of the su-
perior court by Recorder Bryson yes-
terday morning.

The bond of each of the boys was fixed
at \$200, and as no one was able to
secure bond to that amount they were
all carried to the Tower, where they will
be allowed to think at leisure over the
scene which they planned, and which
brought them the trouble which they
have been in during the past few days.

BANKERS' FAIL TO MAKE STAND

No Decisive Action in Regard
to the Currency Question.

Provision, However, Made for Ap-
pointment of Committee to Re-
port at Next Meeting—Ad-
dresses by Daves and
Others.

New Orleans, November 12.—The atti-
tude of the American Bankers' Associa-
tion toward the currency question was
fixed at the session today. No decisive
stand was taken on the questions of as-
sets, currency or branch banking, it be-
ing considered unwise to act until a so-
lution of the questions had been evolved,
but provision was made for the appoint-
ment of a committee to carefully consider
the entire subject to report at the next
meeting. The same resolutions stated
the association's approval of a law im-
parting a greater degree of elasticity to
the currency, and to make it responsive
to the demands of the business in-
terests of the country.

The discussions of these questions to-
day were very thorough and interesting.
Ex-Comptroller of the Currency Charles
G. Dawes, Congressman Charles N. Pow-
ler and Editor Horace White, of The
New York Evening Post, were the stars
in the discussion. No two of them agreed
fully, though Mr. White was on the side
of the questioned championed by Mr.
Fowler.

Mr. Dawes made a vigorous speech
against a permanent system of assets
currency, though he approved the idea
of an emergency currency.

Colonel Lowry Is Heard.
Under a suspension of rules, Colonel
Lowry, of Georgia, asked that Mr. Kil-
bridge, the secretary of the bureau of
education, be allowed to say a few words
about the bank clerks' institution.

Mr. Kilbridge made a short verbal re-
port in addition to the formal report made
yesterday.

John L. Hamilton, chairman of the com-
mittee on fidelity insurance, took up the
report of the committee, which was
formally presented yesterday.

The call of states was deferred until
later. The discussion of the currency
question was then resumed. Congressman
Charles N. Fowler spoke on the assets
currency and branch banking. He dis-
cussed the feature of his bill extem-
porarily. Congressman Fowler did not spare
the banks, but criticized them with a free-
dom, however, which won applause.

He was given an ovation when he had
concluded, although more than once when
he asked if a convention did not agree
with the doctrine he was expounding he
was answered by cries of "No."

Continuing, Mr. Fowler said:
"During the past five years—which had
been the history of the currency in the
history of this country—the balance of trade
in favor of the United States has been
\$2,700,000,000. And to that our production
of goods and services has added millions
and the grand total is three billions.
Judging from that we ought to have
three billions more than we had in 1896.
How much more do we need? We have ad-
ded just five hundred millions, as a matter
of fact. We have approximately one bil-
lion, five hundred millions of money and
have on the other side coming due the
next three or four months about three
hundred millions of obligations. How are
we going to stop the gold from going to
Europe? It is impossible. The whole of Eu-
rope is coming into our treasury and
shovel it out by the bucketful. Such a
condition would not exist if the United
States notes were not in circulation. The
burden was thrown on the banks. Never
was there a greater need than now for a
financial system in this country. What
we have is simply a catch-at-catch-can,
ad-hoc system of arrangement. The
eighteen million people in this country
who are converting its products into
twenty billion dollars annually and send-
ing exports bounding above the hun-
dred-billion mark, are entitled to a sys-
tem that is above the caprice of a sec-
retary of the treasury."

Resolutions Adopted.
At the afternoon session a resolution
favoring the Louisiana Purchase ex-
position was referred to the executive coun-
cil. J. Sullivan, of Cleveland, offered the
following, which was adopted without
objection:

"Whereas, Experience has demon-
strated the inadequacy of our present
currency system and believing that the
best interests of the country demand a
system flexible as well as stable, be it
"Resolved, That the American Bankers'
association record its disapproval of the
approval of the enactment of the law im-
parting a greater degree of elasticity to our
currency, making it responsive to the
demands of the business interests of
the country."

That we favor the appointment
of a committee of seven members of the
association, selected with reference to
their ability and high character as bank-
ers and their experience in monetary af-
fairs and representing different parts of
the country, for the purpose of carefully
considering the entire subject and report
to the next meeting of the association.

A. J. Frame, of Milwaukee, called up
his resolution reported without action by
the executive council. Forthrightly in his
own language the proposition for assets
currency and branch banking.

Chairman Brewster, of the executive
council said the council had declined to
act on the resolution because it did not
believe it wise to place the association
on record on that subject before an ad-
equately solution had been offered.

The resolution was referred back to the
executive council by a vote of 23 to 17.

Emergency Currency.
Congressman C. A. Fugate, of New
York, delivered an address on "An Em-
ergency Currency."

Willis B. Payne, of New York, delivered
a brief address on "An Emergency Cur-
rency," in which he urged the necessity
of having proper provision in the law for
an emergency currency. The present cur-
rency was barely sufficient for trade, he
said, and indications were that with
continuance of the present prosperity there
would be a still greater demand for
currency. The government's obligations
due to the recent prodigality of congress
would shortly fall due and that would re-
quire a great deal of money. He suggest-
ed a highly taxed emergency currency,
which would be retired as soon as the
emergency ceased.

A resolution by John L. Hamilton, of
Illinois, providing for the creation of a
committee of nine to investigate the cur-
rency question and evolve a solution,
was presented from the executive council,
but referred back to it by the convention.

The call of states then proceeded and
five minutes speeches were made present-
ing the resources of each state. Alabama,
Arkansas, California, Connecticut, Flor-
ida, and Georgia were heard, and then the
convention adjourned until 9 a. m. to-
morrow.

All of the important business has been
concluded except the election of officers.

Spoke of the Benefits To Be De-
rived from Study at the
Georgia School of
Technology.

Captain Lyman Hall, president of the
Georgia School of Technology, last even-
ing conducted a large audience of mem-
bers of the legislature and friends
through the various departments of the
school with the aid of a stereopticon.

He explained the work in all the de-
partments, while interesting pictures were
displayed of actual scenes, showing stu-
dents prosecuting their studies in the
shop and school rooms. The lecture was
delivered in the hall of the house of rep-
resentatives at the state capitol.

A large screen was placed back of the
speaker's desk and upon this was shown
the pictures of the school buildings, ap-
paratus, instructors and the students at
work.

In addition to explaining in detail all
the work accomplished by the school, the
captain gave figures to show that
similar schools in other southern states
received larger technical education funds
than that given to the Georgia School
of Technology.

The table given by him was as follows:
Alabama, \$60,000; North Carolina, \$20,000;
Virginia, \$12,000; Mississippi, \$73,000;
South Carolina, \$67,000; and Georgia, \$40-
000.

Captain James W. English also made
a short speech, in which he commended
the work accomplished by the school. He
said that Captain Hall had presented the
question of technical education in a way
that was unanswerable. He made an
earnest plea for a more generous recog-
nition of the school by the general as-
sembly, and asserted that he would be
perfectly willing to have his own taxes
doubled if the Technological school
would be benefited. Captain English's
talk was warmly applauded.

President J. K. Orr, of the Atlanta
chamber of commerce, made an informal
address in which he said it was a good
business proposition for Georgia men to
equip their sons with a technical educa-
tion that they might take an active part
in the great industrial development of
the south. He felt sure there was a
great future for the state when the young
men were given an opportunity to master
those things that would advance the
country's business interests of the com-
monwealth. Mr. Orr was accorded a very
flattering reception.

Hon. Newt Morris, speaker of the
house, conducted Captain Hall when
that gentleman began his lecture.

REMARKABLE SUCCESS.
Of a New Catarrh Cure.
A large and constantly increasing ma-
jority of the American people are catarrh
sufferers. This is not entirely the result
of bad habits, but is due to the fact that
modern investigation has clearly proven
names, are really catarrhs. Formerly the
name catarrh was applied almost exclu-
sively to the common cold, but now it is
known that the throat, stomach, liver, bladder,
kidneys and intestines are subject to catarrh-
al diseases as well as the nasal passages.
In fact, wherever there is mucous mem-
brane there is a feeding ground for catarrh.

The usual remedies, inhalers, sprays,
cures or powders, have been practically
useless, as far as anything more than
temporary relief was concerned, because
they simply dry up the mucous secretions,
without having the remotest effect upon
the blood and liver, which are the real
sources of catarrhal diseases.

It has been known for some years that
the radical cure of catarrh could never
be effected by local applications, but by an
internal remedy, acting on the blood and
expelling the catarrhal poison from the
system.

A new internal preparation which has
been on the market only a short time, has
made such remarkable success as a gen-
eral, radical cure for catarrh.

Under the name of Stuart's Catarrh
Cure, large pleasant tasting lozenges, com-
prising a principle of antiseptic, germi-
cidal, blood-purifying, Red Gum and similar catarrh
specifics.

Anyone in speaking of the new cat-
arrh cure says: "I have tried the new
catarrh remedy, Stuart's Catarrh Tablets,
upon thirty or forty persons, and with re-
markable satisfactory results. They clear
the head and throat more effectively and
lastingly than any douche or inhaler that
I have ever seen, and although they are
entirely harmless, and do not irritate, and
which is called a potent remedy, and sold
by druggists, I do not hesitate to recom-
mend them, as I know them to be free
from cocaine and opium, and that even
a little child may use them with entire
safety."

Any sufferer from nasal catarrh, throat
or bronchial trouble, catarrh of the stom-
ach and liver or bladder, will find Stuart's
Catarrh Tablets remarkably effective, well-
pleasant and convenient, and your druggist
will tell you the absolutely free from
any injurious drug.

There are no diseases that more quickly and surely derange the entire constitution
than Kidney or Bladder trouble, and it behooves every man and woman suffering from
these diseases to have themselves cured at once. The body depends upon the Kidneys
to throw off the waste matter of the system, and when it fails to do this the result is an
interference with digestion, a sudden stoppage of the free circulation of the blood and
a serious weakening of the heart. Also rheumatism could not occur if it were not for the
weak and deranged Kidneys.

The Case of Mrs. Nancy Ball.
Mrs. Nancy Ball, proprietor of the Ball
House, Columbia, Mo., writes: "I was for
a long time a great sufferer from dropsy
complicated with Kidney and Bladder
trouble; my feet and hands were swollen
and at times I was unable to walk about.
My family physician had exhausted his
skill in the treatment of my case without
giving me any relief. I was then in-

a trial and to my utter astonishment the
first bottle relieved me, and I am in
perfect health and able to attend to all
my duties about the hotel. I consider
Smith's Sure Kidney Cure the greatest

Charter Conference Commit-
tee Failed in its Purpose.

At the session held yesterday after-
noon of the charter conference commit-
tee it was finally decided that the only
thing that they could do was to reach
a disagreement. They had tried to get
together—had tried for hours, and failed.
There seemed to be no prospect of ar-
riving at an agreement, so they agreed
to disagree.

Several of the members of the confer-
ence were approached by a representa-
tive of The Constitution. They refused
to be interviewed. "Nothing to say,"
by the time the sixth man had been in-
terviewed the three words sounded like
a chorus. One of the gentlemen admitted
that the one thing that they did agree
on was that nothing should be given out
for publication concerning the confer-
ence, for fear the mind of the public
might be prematurely prejudiced.

This evening a special call has been
made for a meeting at the mayor's office
when the members of the subcommittee
will report to the conference committee
their inability to reach an agreement.

There was considerable comment around
town about the matter last evening, and
there were a good many who said, "I
told you so." The members of the com-
mittee felt that they had not been treated with
the dignity and respect due the
fathers. Of course the committee denied
this, and referred to the fact that they
had asked for a conference with council,
and that their invitation had been ig-
nored.

Speaking of the failure to agree, one
prominent politician last night said: "Of
course they didn't. One side wouldn't
and the other side didn't want to. That
was all there was to it."

HOBSON SEEMS TO BE IN CLOVER

Leave of Absence Expires, But He Is Not at Work.

Naval Officials Are Wondering When the Services of the Alabama Man Will Be Secured for the Department—President Backing Hobson.

Washington, November 12.—(Special.)—Officials of the bureau of construction and repair of the navy are making anxious inquiries among themselves about the possibility of securing the services in the near future of Captain Richmond Pearson Hobson.

According to these gentlemen, Captain Hobson's leave of absence expired nearly two months ago, and orders were then issued for him to resume duty. He was assigned to the Pensacola navy yard. The orders went in usual form, from the bureau of construction to the bureau of navigation and thence to Secretary Moody, since which time nothing has been heard of him. It is understood that Secretary Moody's approval of the orders has been held up at the instance of the president.

Upon learning that he was to be sent to Pensacola, Captain Hobson expressed dissatisfaction at the assignment, according to reports, preferring to return to Elizabethport, N. J., where he was stationed when he discovered the injury which will eventually render him blind, provided he be required to continue on the active list.

Several boards of medical survey have declared Mr. Hobson fit for duty, but he maintains that such is not the case, and hopes to secure the passage this session of congress the bill introduced in congress last winter for his retirement with pay. There was no inclination on the part of the house naval committee last year to take favorable action on the measure, and friends of the Merrimack hear claimed that the opposition was due to the activity of Alabama politicians who feared the entry of the young officer into politics in that state.

Hobson's lecture tour does not find favor in the eyes of many officers of the navy. The idea of an officer on sick leave being permitted to turn his time to financial advantage by employment with a lecture bureau is not relished in the service, and

MARRY WOMAN OF OWN CHURCH

Bishop Duncan Addresses Virginia Conference on Matrimony.

Richmond, Va., November 12.—(Special.)—The feature of the address of Bishop W. W. Duncan before the Virginia Methodist conference, was a discussion of unwed marriages.

The bishop was much opposed to young men, and especially young preachers, falling in love with girls who lived at a distance from them or who belonged to a different denomination. He cited the case of a young preacher in California who was in love with a girl in another state and who was not a Methodist. There were plenty of good Methodist girls in California, said the bishop, who would have made the preacher a good wife, but because of his fancy for this particular girl he had to go to another state. If this young man had put his trust in the Almighty, said the bishop, and not have appealed to his own inclination, he would have married a first-class Methodist girl, who would have made him a splendid wife. The one he married may do so, but the bishop thinks the odds are against this being the result.

Young Men's Christian Association. Montgomery, November 12.—(Special.)—George B. Hodge, secretary of the educational department of the international committee of the Young Men's Christian Association, stopped over here tonight on his way from Atlanta to New Orleans, and was met by the educational committee of several of the Alabama associations came over to meet Mr. Hodge.

This has lost Captain Hobson a large part of any popularity he may have possessed among his brother officers. The president, however, appears to have stood by him, and his influence may enable the passage of the bill by congress for Hobson's retirement.

The easy time which Mr. Hobson is having has been made especially noticeable just now when the navy is suffering for lack of officers. The course at the naval academy has been shortened one year to alleviate this shortage and every available officer is being hurried to sea in the effort to secure a sufficient number to officer ships about to go into commission. No where is the paucity of officers more severely felt than in the bureau of construction and repair, to which Captain Hobson is attached. It is necessary to have an officer stationed at each ship yard where vessels are under construction for the navy in addition to other work with which this bureau is charged.

DAUGHTERS AMERICAN REVOLUTION HOLD CONFERENCE IN SAVANNAH

Movement To Rebuild Frederica Fort at Brunswick as a Monument to Oglethorpe.

Savannah, Ga., November 12.—(Special.)—Delegates arrived in numbers today for the fourth annual state conference of the Georgia Society of the Daughters of the American Revolution, which begins tomorrow and lasts three days. Mrs. Robert Emory Park, of Atlanta, state regent, is in the city, the daughter of Mrs. Edward Karow. Mrs. Charles W. Fairbanks, the general president of the national society, is also the guest of Mrs. Karow.

The conference comes to Savannah by invitation of the Savannah and Lachlen McIntosh chapters. All meetings will be held in the Lachlen McIntosh chapter.

Regular routine business was first occupied the time of the body, including the election of delegates to the national meeting of the D. A. R., to be held at Washington in February.

Old Frederica Fort. For a few months past a movement has been on foot, headed by Mrs. J. A. Butts, of the Brunswick chapter, to have the state branch of the Daughters of the American Revolution take up the matter of rebuilding the old Frederica fort, which was erected by Oglethorpe in 1732.

If the idea of those who are most interested is acted upon steps will be immediately taken looking to the accumulation of sufficient funds to replace the fort as it originally stood, guarding the entrance to St. Simon sound.

The fort is situated some 20 miles from Brunswick on St. Simon island, and it was erected by Oglethorpe during the year 1732, and when it was completed he named it after Frederick, prince of Wales, who was his warm personal friend.

This fort is the only monument to Oglethorpe's military genius and greatness existing on this spot. It has been contributed to the movement to rebuild the fort, to visit Frederica, accompanied by Colonel J. H. Clarendon, the secretary of the movement, and the superintendent of construction of the new government building at Brunswick, and report the nearest possible correct estimate as to the cost of rebuilding the fort.

This will be done at the meeting Friday and will probably show that an outlay of some \$12,000 will be necessary to replace the fort and to build a protecting sea wall.

Fast Going to Pieces. The fort formerly stood some distance back from the water front, but the water so encroached upon it that it was low tide it lay at the base of the fort. The storms of winter have made such destructive inroads upon it that it is fast going to pieces and if it is to be saved something must be done at once.

Those who are full of the work wish to have the fort replaced and then a park made of the surrounding property. Some years ago a fund for an Oglethorpe monument was raised by the Brunswick D. A. R. and some \$500 of this is now on hand. It is desired to invest this fund in several thousand dollars and to erect the monument near the rebuilt fort.

Plans for the raising of all money necessary will be discussed at the meeting in Savannah and some definite action taken.

Mrs. J. A. Butts and Mrs. Bolling Whitfield are the representatives of the Brunswick chapter at the state meeting, and it is their opinion that the Daughters of the American Revolution through their representatives at the state meeting undertake the work and call upon the public to contribute the funds necessary for the completion of the work. It is believed that the D. A. R. do not see fit to take the matter up at this time, a mass meeting of the public-spirited citizens will be called and the matter will be taken up by them. The citizens of Brunswick feel that this is the most suitable way to honor Georgia's gallant founder which could be made.

DIVIDING THE RICE MILLIONS.

Heirs To Secure One-Sixth of Amount Named in Will.

Houston, Tex., November 12.—Mayor O. T. Holt, executor of the will of Mrs. Elizabeth Baldwin Rice, today stated that the money is on hand with which to discharge the legacies due Miss Adele Baldwin, of Baldwinville, N. Y., and other heirs; that there was compromise in the case wherein each of the heirs secured one-sixth of the amount left them under the will and that the parties who threaten suit have refused to accept this compromise. Several suits have already been brought in the matter but of them have been dismissed and the case entirely with the heirs named to accept the amount due them under the compromise, the matter having otherwise been settled fully.

Minister Powell has had an official interview with President Vasquez, of Santo Domingo, during which he assured the latter of the great interest felt by President Taft in the welfare of the island, and towards this republic and of the desire on their part that there be a peaceful solution of the pending difficulties, this being the only means to assure the prosperity of San Domingo and of inducing capitalists to enter the country and develop its rich resources.

The Chinese government has notified the foreign ministers that hereafter textile goods imported into the interior by foreigners must pay a 10 per cent duty of 1-2 per cent, the same as charged in the case of Chinese imports.

Germany has agreed to the American proposal to submit the question whether the Chinese indemnity is payable in silver to the Hague tribunal, provided that only that feature of the protocol be included in the arbitration.

The recent depreciation in the price of silver is attributed somewhat to the appointment by Colonial Secretary Chamberlain, on November 5, of a committee to report on the expediency of establishing a gold standard in the Straits settlements and neighboring Malay states.

ALABAMA HEROES IN MONTGOMERY

Two Thousand Confederate Veterans to Parade.

Birmingham Selected as Next Place for Reunion—With One Exception All Old Officers Are Re-elected—"Yellow Hammer" Banner.

Montgomery, November 12.—(Special.)—The hotel and boarding house accommodations of Montgomery are severely taxed to entertain the visitors who are here to attend the third annual reunion of the Alabama division of the United Confederate Veterans. Both the first and second reunions were held here, but neither was to be compared to this. There will be a large number of old officers and veterans who will be in the parade tomorrow, not counting the Sons of Veterans, who will participate several hundred strong. Two bands are in attendance and the main streets are alive with bunting and confederate flags and colors are displayed from every point of view.

The call to order at the Auditorium was made a little after noon today by General George F. Harrison, commander of the division, who added to his tribute to his old comrades one to the women of the south and the part they played in the great struggle and since. Captain Ben H. Memorial Shaft at Jasper Springs Will Be Unveiled by D. A. R. on Next Monday.

Although but three months since the ladies of the Lachlen McIntosh chapter of the Daughters of the American Revolution decided to mark the historic spot, known as Jasper Springs, by a memorial to white Georgia marines, the work is now almost completed, and by Monday afternoon it will be ready for the unveiling, which takes place November 15, the last day of the conference of the Daughters of the American Revolution in Savannah.

The men are now at work putting in the marble basin which will catch the water as it issues from the spring. On Monday the committee of Daughters, which have had the erection of the memorial in charge will visit the springs and inspect the work. There will be a called meeting of the chapter afterwards, at which the details of the proposed programme will be discussed.

Programme of Dedication. It is intended to have an elaborate programme on the occasion of the dedication. A band will be present and render patriotic airs during the ceremonies. The principal address on this occasion will be made by Hon. Pope Barrow. There will probably be other speakers, and the singing of some patriotic song. The ceremonies will begin at 4 o'clock, special cars for the delegates and the public and invited guests leaving the DeSoto hotel at 3:30 o'clock.

The memorial will be almost entirely of marble. The spring proper, where the font will be situated, is approached by means of four marble steps, the basin being several feet below the ground line. The enclosure about the spring is of marble, and is about 8 feet in length, 4 feet in width, and 2-1/2 feet in depth. The steps, the inner walls, the bottom of the basin—in fact, all exposed portions of the structure—are of Georgia marble.

The Inscription. Above the basin, at a point above the ground line, will appear the following inscription:

1776. Jasper Springs. 1902.

Erected by the Lachlen McIntosh Chapter.

Daughters of the American Revolution. The supply pipe to the basin enters directly from the rear, the water issuing from the spring at a point just back of the basin. The outlet is from the top of the basin. There is also a concrete drain from the floor beneath the basin, so that should the basin overflow, or in the event of a rain, the water will be drained.

The memorial is artistic in detail, and no pains or expense have been spared to make it as handsome as possible. The monument is a declining one, the incline of the ladies of the chapter, has been carried to a successful conclusion, and the spot made historic by the immortal Jasper will thus be perpetuated in a history by this service of patriotic love.

The architect is H. W. Whitcover. His services were rendered without remuneration, his declining age compensating after having been engaged by the ladies of the chapter. The sculpturing is the work of the Savannah Marble and Granite Company, which has its works on York street.

DAUGHTERS OF CONFEDERACY. Ninth Annual Convention in New Orleans.

New Orleans, November 12.—In the presence of a distinguished audience from home and abroad the ninth annual convention of the Daughters of the Confederacy was opened today at Washington Artillery hall, which had been beautifully decorated for the occasion.

Delegates to the convention have poured into New Orleans this week from all sections of the south, and when the convention opened early in the forenoon there were reports here from eighteen or twenty states. Many private homes have been thrown open to the visitors and a round of entertainments has been planned for them during their stay.

When the convention opened with prayer by the Rev. Gordon Bakewell the hall was filled with delegates, their lady friends and veterans of the confederacy. General Francis T. Nicholls and other distinguished personages occupied seats of honor. Mrs. F. G. Prout, of the local chapter, Hon. E. B. Kruttschnitt, representing the governor, and Acting Mayor McPhie made addresses of welcome to the delegates. Mrs. H. Rounsaville, president of the daughters, responded.

The committee on credentials reported and the various states began reports upon the progress of the cause in their localities. Tonight there was an elaborate reception at Washington Artillery hall.

that Colonel J. W. Bush, of Birmingham, succeeds General J. H. Savage as general of the fourth brigade. The vote by camps was 24 to 17.

General John W. A. Sanford, Colonel Harvey E. Jones and Judge J. B. Fuller were appointed a committee on confederate history. General Harrison, commander-in-chief, Governor Johnston, Captain Dan Walden, General George J. Johnson, Captain E. H. Screws, Colonel M. Falkner and Judge J. M. Carmichael were selected as a committee to look after the interests of the veterans before the coming legislature. It was hoped by some that the division would take strong ground in favor of the state taking over the soldiers' homes at Mountain Creek, and General Harrison advocated that in his opening speech. The veterans, however, were cautious, and adopted resolutions of cordial sympathy with the undertaking, and instructing the commander to appoint a committee of five to cooperate with Camp Falkner.

The beautiful "Yellow Banner" flag, designed by Mrs. Harvey E. Jones, Jr., and paid for by voluntary contributions, was formally presented by ex-Governor Johnston, and accepted in behalf of the decision by Congressmen G. W. Taylor. T. J. Carlisle, of Enterprise, made an address, advocating correct war histories.

Sons of Veterans. Resolutions of sympathy for Tennent Lomax and his mother were adopted. The Sons of Veterans met today with nine camps represented.

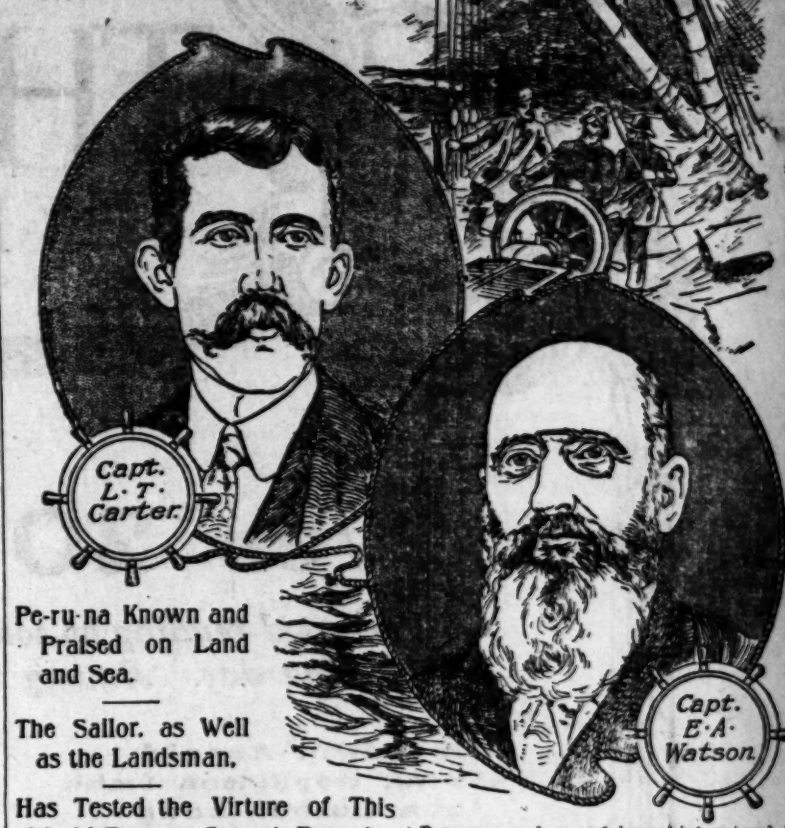

Thomas M. Owen was unanimously elected commander. Warren Payne not being a candidate for reelection. Resolutions were adopted of sympathy with Tennent Lomax in his present illness, to erect a monument to the memory of Pelham, who sleeps in an unmarked grave at Jacksonville; decided to help the Daughters in the erection of a monument at Shiloh, endorsing the Mountain Creek home, and sending greetings to the Sons of Veterans, Grand Army of the Republic.

The history committee made an elaborate report. The proceedings wound up tonight with a banquet. W. H. Dent made the speech of welcome and W. B. Bankhead, of Huntsville, responded. Miss Annie Wheeler is here with her father, General Wheeler.

PE-RU-NA IS THE SAILOR'S SAFEGUARD

"Give Me My Compass and Pe-ru-na and I Will Steer Clear of All Wrecks."

Pe-ru-na Known and Praised on Land and Sea.

The Sailor, as Well as the Landsman, Has Tested the Virtue of This World-Famous Catarrh Remedy.

"A sick sailor is a pretty helpless man. I have found that Pe-ru-na will do more to restore one than any other medicine I know, and I have carried a couple of bottles on board for many seasons. Seven years ago Pe-ru-na cured me of bronchial trouble in a few weeks and gave me such new life and nerve force that I certainly believe in telling you of it."

"Give me my compass and Pe-ru-na and I will steer clear of wrecks of all kinds and land in port safe and well with vessel and men."—Capt. L. T. Carter, 123 10th Avenue, Pensacola, Florida.

Capt. E. A. Watson, M. E., 45 Elizabeth street, Ottawa, Ont., writes:

"Pe-ru-na has my heartiest endorsement. If there is any place that you are helpless when ill it is on board a steamer, at sea, miles away from any assistance. Sometimes two or three of my men would be sick at one time and seriously cripple the value of Pe-ru-na, by taking a few doses they recuperate very quickly. We use it for colds, lung trouble and kidney diseases, and have also found it very fine for the grippe."

"Pe-ru-na is always one of the most important supplies of my steamer."—E. A. Watson.

Pe-ru-na is known and praised on land and sea. The sailor as well as the landsman has tested the virtue of this world's famous remedy. Captain Carter says: "I have carried it on board with me for many seasons. Seven years ago

Pe-ru-na cured me of bronchial catarrh." Captain Watson says: "Sometimes two or three of my men would be sick at one time, and seriously cripple the force. But since we have learned the value of Pe-ru-na, they recuperate very quickly. We use it for colds, lung trouble and kidney diseases and have found it very fine for the grippe."

The sailor's vocation is a healthy one. He escapes all the ills due to poor ventilation and the various ailments derived from the soil and city. Yet even the sailor is liable to climatic ailments. Catarrh is a dread ailment for sailors by wind and storm. Sudden changes in the temperature has the same effect on him as those who dwell on the land. Therefore, the sailors know Pe-ru-na. It is popular among them. With a bottle of Pe-ru-na aboard, though they may be far away from drug stores and doctors, they have a remedy on which they can rely.

Commodore U. S. Navy. Commodore Scoville Nicholson, of the United States Navy, in a letter from 1837 R St., N. W., Washington, D. C., says:

"Your Pe-ru-na has been and is now used by so many of my friends and acquaintances as a sure cure for catarrh that I am convinced of its curative qualities and I unhesitatingly recommend it to all persons suffering from that complaint."—S. Nicholson.

If you do not derive prompt and satisfactory results from the use of Pe-ru-na, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

MOTHER MARY LIFE SENTENCE TO AD INDIANS FOR WILEY JONES

Miss Drexel, Now Mother Mary Katherine, Will Establish Great Mission.

Found Guilty of Murder of Nellie McDowell, Near Dallas.

New York, November 12.—(Special.)—New York society was much concerned today over the report that Mother Mary Katherine was to devote time and a great portion of her wealth to the founding of a mission for Indians at Navajo.

Mother Katherine, as she now is called, who was Miss Katherine Drexel, daughter of the famous Philadelphia family, before she began "devoting herself to God and her fortune to man," has another philanthropic idea in mind, which, it is said, she will carry out within a few months.

For years, in fact ever since Mother Mary Katherine forsook society to become a black-robed sister and then founded the Order of the Blessed Sacrament, she has interested herself in the education, both religious and otherwise, of the Indians.

Her latest project is to establish a mission school for the members of the Navajo tribe, in Arizona. Already she has made her plans and more than \$100,000 will be spent upon the main building of the institution alone.

The undertaking is most difficult. But nothing seems to daunt Mother Mary Katherine, and within a comparatively short time, due to her efforts, the savages will learn the principles of the Christian.

What to the social world undoubtedly will make the announcement of Mother Katherine's project doubly interesting is

Dallas, Ga., November 12.—(Special.)—In the superior court this evening, Judge Fite presiding, Wiley Jones, Jr., was found guilty of the murder of Nellie McDowell and sentenced to the penitentiary for life.

Nellie McDowell was assassinated on the night of February 27, 1900. A true bill was found at the August term, 1900, charging Wiley Jones, Jr., with the crime.

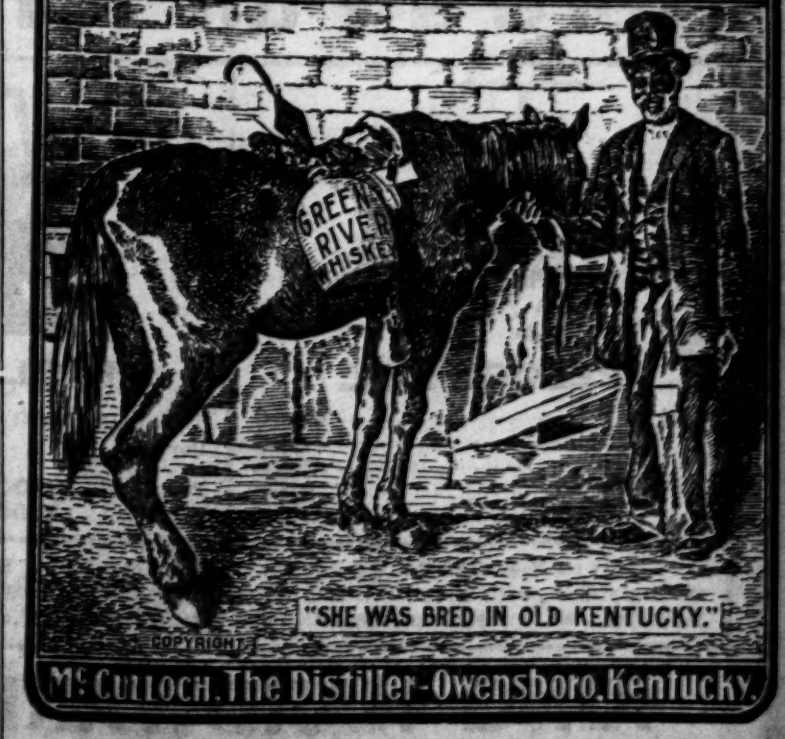

His attorneys, Colonel Spinks and Joe Northcutt, have filed a notice for a new trial.

Presidential Ax. Montgomery, November 12.—(Special.)—Anti-lily white republicans here, who profess to have inside information, say that the presidential ax will not fall again in Alabama until congress meets. Mr. Roosevelt insisted on waiting in Birmingham's case, but yielded to the pressure from friends of Mr. Thompson, who got the place. They say the president desires to send in the new appointees at once to the senate and get them confirmed.

The report that she is being added in every possible way by her niece, Miss Josephine Drexel, who is most prominent socially, both in New York and Philadelphia.

This fact has caused a renewal of the reports that Miss Josephine is to emulate the example of her aunt and herself enter a religious institution.

BOY'S SAD STORY OF DESERTION

Mother Dies, Father Leaves Him and He Becomes a Criminal.

Savannah, Ga., November 12.—(Special.) Alonzo R. Hicks, a white lad of 16 years, was sentenced by Judge Emory Speer in the United States court today to a term of five years in the reform school at Washington, D. C. The boy was charged with having robbed the post-office at Norristown, Emanuel county.

It was shown that his mother had died when he was a baby and that his father had then deserted him. His sad story made an impression on the judge, who declared that he thought the boy had a good face and that under the influences of the reform school a man might be made of him.

LIVELY PROHIBITION RALLY.

Liquor Question Fight Is Now on in Thomas County.

Thomasville, Ga., November 12.—(Special.)—The fight to decide whether Thomas county will remain dry or become wet again, began last night with a lively prohibition rally. The meeting was called to order by Captain C. P. Hansell, Dr. Wardlaw opened with prayer. Judge Roddenberry was elected permanent chairman; Judge J. S. Montgomery, secretary. The speaker was Judge Covington, of Moultrie.

BIG NEWSPAPER IN BIRMINGHAM

Republicans Will Establish Organ in the State of Alabama.

Birmingham, Ala., November 12.—(Special.)—It is announced that on January 1, 1910, a republican daily newspaper will be established here, which will print a morning and afternoon edition. The statement is that \$100,000 will be invested in the venture at the outset, and that J. Carter Cook, the chairman of the republican campaign committee in the last election, will have general control of the management and policy of the paper, although he will not assume the responsibility of editing it. Mr. Cook is a young lawyer, who recently came here from Georgia, and has taken an enviable position at the local bar. It is believed by the projectors that the newspaper, on account of its tariff policy, will receive the support of the manufacturing concerns of the district.

Officeholders Are Shaky.

Reports seem to indicate that President Roosevelt is going to make it disagreeable for the democratic officeholders whom he has appointed in Alabama, in lieu of republicans, by insisting on their giving some good fat clerkships to negroes. In this way the president would still further emphasize his opposition to the lily white movement in Alabama, and gratify the eastern republicans, who are bidding for the negro voters in their state by influencing the administration to put the negro on the back and punish the white republicans, who have ostracized them from the party.

SNATCH THREE SENTENCED

Mrs. Hutchcraft's Assailant Is Given Five Years.

It is rumored in railroad circles here that the San Francisco system... connection with the seaboard Air Line, is after an Atlantic coast outlet at Savannah, Ga., which would give the system a direct line from Kansas City to the Georgia seacoast. The two roads already have an arrangement, whereby the 'Frisco secures an outlet to the south and east of Birmingham over the Seaboard's line, and the Seaboard gets access to the San Francisco terminals in Birmingham and also an outlet to the north and west. Before the direct line between Birmingham and Savannah can be realized, about 100 miles of road must be built, and it is understood that the Seaboard Air Line and the 'Frisco will build and operate this new line jointly. This, when complete, will give the San Francisco system the shortest possible route between Memphis and Savannah or between Memphis and any other southern Atlantic seaport.

MACHINERY DEALERS MEET.

Southern Association Is Welcomed to Memphis.

Memphis, Tenn., November 12.—The Southern Supply and Machinery Dealers Association, an organization composed of more than 200 business men, met today in this city for the purpose of discussing affairs of interest to the line of commerce they represent.

The gathering was called to order by C. B. Jenkins, who was elected president at the convention held last year at Charleston, S. C. Every state in the south is represented.

Today's sessions were devoted to welcoming addresses and responses and the hearing of the annual reports of the president, secretary, treasurer and standing committee.

MURDER CASES NEXT MONDAY

Case of Will Johnson, Charged with Murder of Emmett Mitchell, Is the First on the Docket.

Ben Smith, the negro who recently snatched a pocketbook from Mrs. Hutchcraft near the Carnegie library, was yesterday sentenced by Judge Roan in the criminal superior court to a term of five years in the penitentiary.

The negro entered a plea of guilty and made no defense, except as to the character of the offense. His counsel, Attorney Frank Walker, stated to the court that he would enter a plea of guilty to larceny from the person, contending that sufficient force had not been used to render the case one of robbery. The difference between larceny from the person and robbery is that the former is a misdemeanor and the latter a felony.

Solicitor Charlie Hill refused to accept such a plea and stated that he would proceed to try the case before a jury. Attorney Walker then entered a plea, leaving the question of whether the offense was a misdemeanor or a felony to the discretion of Judge Roan. The judge held that the case was a felony and imposed the sentence of five years.

The snatching of the pocketbook from Mrs. Hutchcraft created considerable excitement at the time. A chain was attached to the pocketbook and the chain was fastened about Mrs. Hutchcraft's wrist. When Smith seized the purse he broke the chain. Mrs. Hutchcraft immediately gave chase after the fleeing

negro, crying for help. Within a few moments a great crowd of men were attracted to the chase and the negro was soon caught with the pocketbook in his possession.

Murder Trials Next Week.

Solicitor Hill announced yesterday morning that the trial of murder cases will begin Monday morning and that none of these cases will be called this week.

The case against Will Johnson, the young white man charged with the murder of Emmett Mitchell, is the first one on the docket for Monday morning. Mitchell was found recently in the rear of Folsom's restaurant in an unconscious condition and Johnson was arrested shortly afterwards by County Policemen Mathieson and Williams. Mitchell was removed to the Grady hospital, where he died without having ever regained consciousness.

The state will contend that Johnson struck Mitchell in the head with a stick of wood in Folsom's restaurant about 3 o'clock in the morning and that the blow resulted in the death of Mitchell.

There are six other murder cases to be tried. Solicitor Hill states that he intends to try all of the cases, one after the other.

KAISER BAGS LOT OF BIRDS

German Ruler Proves His Power With the Gun in Great Britain.

Sandringham, England, November 12.—Emperor William today proved his prowess as a remarkable shot. Clad in a light green hunting suit he kept three loaders extremely busy. King Edward, the prince of Wales, Count Wolf-Metternich, the German ambassador and the other members of the shooting party who accompanied the emperor, are all good shots, but twice as many pheasants fell to Emperor William's gun as to those of the others.

The large crowds who had come to witness the day's drive, which was the biggest one arranged for the royal visit, had an excellent view of the sport, and as bird after bird dropped before the unerring aim of the emperor, the spectators openly expressed their admiration, much to the emperor's amusement. The day's bag was one of the biggest on record.

WITHAM CASE IS CONTINUED

Jury Returns Verdict Against Plea in Abatement by Defendant.

Zebulon, Ga., November 12.—(Special.) The jury in the Witham case was completed at a late hour yesterday and some evidence introduced.

Court resumed this morning. When all the evidence was in able arguments were made for and against the plea and amended plea. Judge Van Epps having charged the jury, and after being out fifteen or twenty minutes the jury returned a verdict against the plea.

The only issue for the jury to determine was the date of the bill of indictment, whether the 9th or 10th of October. Had the jury decided in favor of the plea the effect of their verdict would have been to quash the indictment, but as it is the 11th holds good. The case of defendant gave notice that the case of Mr. Witham will go over to a subsequent term of the court by request of state. All the other bank cases will go over also.

Those of the New South savings bank have been settled upon payments by the defendants of the sum of \$6,000. Court is engaged on a civil case and will probably adjourn tomorrow.

REFUSED AID TO DYING BOY

Heartlessness of a Chicago Druggist When Asked to Help the Injured.

Chicago, November 12.—(Special.)—Lying on a stone sidewalk, and suffering intense pain, George Manning, 14 years old, was refused admission to a drug store on Western avenue today. A doctor who was also present, the police say, refused to assist the boy or even to examine the nature of his injuries. Police officers and citizens begged the druggist to take the injured lad into his store for examination, but they say the man refused and the policemen were compelled to carry the boy to a patrol box at Jackson boulevard and Western avenue.

A call was sent to the Warren avenue station and the victim was removed to the county hospital, where it was found that he had sustained a fracture to the skull, fractures to both arms, and other injuries. The doctors said he could not recover. The police were severe in denouncing the druggist and physician. No action, however, was taken against them.

Young Manning worked as a messenger for the Allis-Chalmers Company. The boy attempted to board a moving train on the Metropolitan Elevated railroad at Congress street and Western avenue. The gates were closed, and the lad was thrown from the platform to the ground, striking on his head.

CENTRAL WILL GO INTO PENSACOLA

Chattahoochee and Gulf Road Will Build an Extension.

TO ACQUIRE YELLOW RIVER

First Definite Step Toward Entering Pensacola Was Taken Yesterday—Question Has Been Under Consideration for Some Time.

Savannah, Ga., November 12.—(Special.)—A meeting of the stockholders of the Chattahoochee and Gulf Railroad Company was held today, when the recommendation of the directors providing for an extension 24 miles in length from Sellersville, Ala., the present terminus, to Florida, Ala., was adopted. Bonds to the amount of \$4,607 a mile and stock to about the same amount will be issued for the construction.

When the extension is completed it is likely the present line will be leased to the Central railway, by which it will be operated. President E. T. Comer, of Macon, presided over the meeting. This means that the Central of Georgia will have a line into Pensacola. At Florida the new line will connect with the Yellow River railroad, which extends to Crestview, Fla., on the Louisville and Nashville, a distance of 26 miles. It is understood that the Yellow River will be acquired and that the Central will then build into Pensacola. The question of entering Pensacola has been under consideration for some time, but the action taken today is the first definite step looking toward the construction of the new line.

CUBA BALKING ON THE TREATY

Palma Won't Accept Reciprocity Convention as it Stands.

Complains That Not Enough Debate Is Allowed—Rapidly Rising Sugar Market Has Made the Cubans Feel Independent of Uncle Sam.

Washington, November 12.—An important conference bearing on the subject of the Cuban reciprocity treaty was held at the war department today, the participants being Secretary Hay, Secretary Root and Tasker Bliss. The latter was called into the conference at Secretary Hay's suggestion on account of his expert knowledge of Cuban tariffs.

Before the conference at the war department, Secretary Hay had talked on this subject with Senator Culom, chairman of the senate committee on foreign relations, and also with Senator Quesada, the Cuban minister here. Senator Quesada was not able to submit to Secretary Hay the draft of the reciprocity treaty which has been under consideration so long by the authorities at Havana, as the document has not yet left that place.

So officially the United States government continues in ignorance of the extent and character of the changes, if any, which President Palma may desire to make in the treaty.

I rather than official sources, however, has developed pretty clearly the disposition of the Cuban president in this matter. The cardinal objection of President Palma to the treaty as it stands is the insufficient rebate of 20 per cent proposed to be allowed on Cuban imports into the United States. Secretary Hay's purpose is to ascertain, if possible, how far he can yield in that matter and still be able to rely upon support of congress next session when the treaty is submitted. So far, his advice does not favor any increase of the rebates, and indeed he has been assured by some persons with whom he has talked that under no conditions would congress consent to any increase of this rebate.

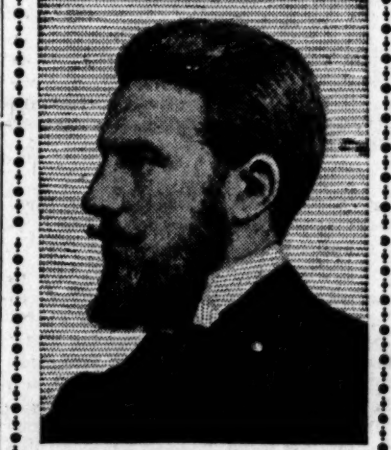

It is understood that the Cubans, too, are entirely unwilling to accept much smaller rebates. In the face of a great shortage in the European crop and a rapidly rising market, they have acquired confidence in their ability to get along for an indefinite period of time without reciprocity with the United States and it is understood they are showing an indifference in the prosecution of the treaty negotiations which is serving in turn to stimulate the efforts of our own negotiators.

President Palma makes the point that conditions have changed in Cuba so that whereas the 20 per cent rebate might have served when it was first proposed, it would at present afford so little relief as not to warrant the sacrifice of Cuban revenues that would be involved in its acceptance. Secretary Hay has determined to clear up that point and to that end after talking with Secretary Root today it was decided that General Bliss should be sent at once to Cuba to make a personal investigation of the industrial situation and the general condition of the island. So it is improbable that pending his return from his Cuban visit, the state department can advance the treaty negotiations in any way.

ROBBED, HE LOSES HIS MIND.

Sad Fate Overtakes a Miner Returning to France.

New York, November 12.—Homeward bound with bag of gold nuggets and his pockets full of cash, \$5,000 in all, won in the mines of French Guiana, Jacques LaTravers, a native of France, has been robbed in this city and is now in the insane ward at Bellevue. Travers and his partner had robbed this city on their way back to France and as neither understood English they took a room in a lodging house near the docks.

Both displayed their treasures carelessly and when La Travers went out alone to purchase a watch he is believed to have been induced to drink drugged liquor. He returned shortly to his room, his gold gone. When he realized his loss, he became violently insane and was taken in charge by the police.

LEVY IS MADE ON CENTRAL'S DEPOT

Execution for Taxes Amounting to \$8,160 Issued by State.

STATE COURTS TO DECIDE IT
Taxes Claimed on the \$1,500,000 Capital Stock of the Western of Alabama Owned by the Central—Injunction Will Be Secured.

Sheriff Nelms yesterday, under instructions from Comptroller General W. A. Wright, levied on the freight offices and freight warehouses of the Central of Georgia Railway Company to satisfy an execution for taxes claimed to be due the state amounting to \$8,160 for the year 1901.

This amount of taxes is claimed on the 1,500 shares of the capital stock of the Western Railway of Alabama, owned by the Central, the par value of which is \$1,500,000.

The Central claims this stock is non-taxable. In the first place it says it does not hold the stock in fee simple because it is pledged with a New York trust company to secure an issue of bonds. Even if this were not the case, it is claimed the stock cannot be taxed by the state. The state claims that the Central draws the dividends from the stock and votes it, hence it is owner of it. It holds the stock is taxable under the law, which requires that all owners in this state of stock in foreign corporations shall pay taxes on it.

Attorney General John C. Hart took the matter up with the attorneys for the Central, and it was agreed that the levy should be made on the property stated. An injunction will be secured by the state to prevent the state from selling the property to satisfy the execution, and the issue will be tried in the state courts.

The United States court of appeals recently decided in a similar case, that of the Louisville and Nashville against the controller general, that such stock was not taxable. An effort is now being made to get this case to the supreme court of the United States, but it is desired first to secure a decision on the matter from the supreme court of Georgia.

TWO SENATORS QUITE ILL.

Condition of Messrs. Rountree and Lewis Has Caused Their Friends Much Concern.

Two members of the upper house of the general assembly of Georgia are now so ill that it is highly probable that unless they improve rapidly in health they may not attend any more meetings of the senate this session.

Senator G. S. Rountree is quite ill and if his strength will permit, will be operated upon next week. He is 71 years of age and his condition is serious. He is stopping at 108 Washington street, and every day is taken in a carriage to the Noble sanitarium for treatment. His present illness dates back to July, when he was attacked with a malady which has caused his friends much uneasiness on his behalf.

He is quite weak. If he is able to undergo a necessary operation it is expected that he will have a chance of rapid recovery. His wife is with him and he is receiving the best of medical attention. Mr. Rountree is from Swainsboro and is one of the best known members of the present legislature. His friends in the senate were much concerned about his condition yesterday.

Senator Thomas Lewis, of the thirty-ninth district, is also said to be quite ill and is under the constant care of physicians.

DAN KILEY FINDS "JEW ROSENTHAL"

He Is Now in Hospital and May Die from Wounds.

Kiley Attempts to Wreck Keno Joint in Savannah and Gets Three Bullets in Body—Twelve Men Held for Shooting—One Confesses.

Savannah, Ga., November 12.—(Special.) Savannah was thrown into a ferment of excitement today by the news of the shooting of Dan J. Kiley, which occurred last night in the gambling rooms conducted at 17 and 19 Broughton street, east, by Jack Monahan.

Kiley is a well-known character in Savannah, and has in the past gained notoriety through the scrapes into which he has succeeded in getting. He now lies at St. Joseph's hospital and it is a question as to whether he will recover from his wounds.

Julius Rosenthal, or "Doc," as he is called by his familiars, has confessed to the shooting, taking this course today. Last night he maintained silence as to any connection he may have had with it. He and others who were in the joint at the time are under arrest upon the charge of assault with intent to murder Kiley.

Those in jail are Rosenthal, Gad D. Bryan, Jr., Peter Smith, John Rahilly, Ed McEnters, Albert Adams, J. H. Monahan, J. J. Jowett, J. W. Groves, Sol Rosenthal, a brother of Julius, James Smith and William Hill.

Bryan is Julius Rosenthal's partner in the conduct of Bryan's restaurant, the most exclusive bar and restaurant in the city.

Kiley got back from Atlanta yesterday morning. He had been drinking and this had assumed such proportions by midnight that he decided to wipe out the keno joint of Monahan. He entered the place and at once proceeded to create a "rough house." Monahan and others remonstrated with him without avail. He declared he was looking for "Jew Rosenthal," using the vilest epithets. Then he proceeded to smash the furniture. Entering the room devoted to the pursuit of the needle goddess, as represented in the elaborate electrical keno contrivance, with drawn pistol, he put the operators and players to flight. He turned loose his gun into the elaborate affair, and then began to break it up.

Then Rosenthal and Bryan arrived and the shooting began. Some claim that Bryan fired, as well as Rosenthal. Neither the one nor the other, however, was struck by Kiley's bullets. Besides bullet wounds, Kiley received scalp wounds from chairs with which he was beaten.

The statement of Police Surgeon E. S. Osborne shows that Kiley's condition is very serious and that two men must have shot him, as 32 and 38-caliber bullets are shown to have entered his body.

MAYOR ROASTS CITY ATTORNEY

Smyth Says Legare Failed to Prosecute Charleston Blind Tiger Keepers.

Charleston, S. C., November 12.—(Special.)—In city council last night Mayor Smyth read a statement in which he bitterly attacked Corporation Counsel Legare for failing to prosecute blind tiger keepers.

The matter was referred to a special committee, and today Mr. Legare refused to allow this committee to sit in judgment on his official life. He will make answer to a meeting of council Friday night.

Friends of Legare claim that he will spring a sensation by naming ordinances which are flagrantly violated in Charleston. There is no friendship between Smyth and Legare and for this reason the fight is exciting all the more interest.

Legare is preparing to resign, as he has been elected to congress from this district. Smyth is just entering upon his campaign for a third term as mayor.

Owen Leopahrt Acquitted.

Waycross, Ga., November 12.—(Special.) Owen Leopahrt was today acquitted in a Ware superior court of the murder of a negro, Henry Merritt, which killing occurred near Fanningville, Ga., last Christmas. The evidence was that the killing was in self-defense.

BACKACHE RHEUMATISM CURE FREE

A Trial Bottle of Warner's Safe Cure, the World's Greatest Kidney Cure, Sent Absolutely Free to Every Reader of the Atlanta Daily Constitution, who Suffers from Kidney or Bladder Trouble.

Bright's disease, diabetes, rheumatism, rheumatic gout, uric acid poison, jaundice, gravel, catarrh of the bladder, painful passage of the urine, frequent desire to urinate, especially in the night; a dull, dragging ache in the small of your back, pains in your groins and the lower limbs, sore joints and muscles, distressing pains in the back of your neck, torpid liver, eczema, your scalp itching, yellow, sallow complexion, coated tongue, tired, nervous, worn-out feeling, lack of energy and ambition, are all caused by a weak, unhealthy condition of the kidneys.

If you have any of these symptoms, or if you feel badly, take Safe Cure, which has a record of over 30 years of successful cures of all these diseases; a free trial will convince you that it will cure you.

If In Doubt Make This Test.

Let your morning urine stand for twenty-four hours in a glass or bottle; if there is a reddish sediment at the bottom of the glass, or if the urine is cloudy, about in it, your kidneys are diseased. If, after you have made this test, you have any pain in your mind as to the development of the test, send a sample of your urine to Medical Dept., Warner's Safe Cure Co., Rochester, N. Y., and our doctors will analyze it and send you a report, with advice, free of any cost.

All letters from women read and answered by a woman doctor. All correspondence in strictest confidence.

WARNER'S SAFE CURE is what you need. You can buy it at any drug store, two sizes, 50 cents and \$1.00 a bottle.

Be sure you get Warner's Safe Cure; substitutes contain dangerous drugs, and are not "just as good" as Warner's Safe Cure.

WARNER'S FILLS move the bowels easily, and aid a speedy cure.

SAMPLE BOTTLE FREE.

To convince every sufferer from diseases of the kidneys, liver, bladder and blood that Safe Cure is a genuine cure, a sample bottle of this great kidney cure will be sent absolutely free, postpaid; also a sample box of "Safe Pills," and a valuable medical booklet which tells all about the diseases of the kidneys, liver and bladder, and many of the thousands of testimonials from sufferers from these diseases, and many who have been cured by Safe Cure. All you have to do is write Warner's Safe Cure Company, Rochester, N. Y., and mention having read this liberal offer in the Atlanta Daily Constitution. The genuineness of this offer is fully guaranteed by the publishers.

New Mexico Wants Statehood.

Las Vegas, N. M., November 12.—A large number of citizens, headed by a Texas band, marched out today to the senatorial committee which is on an official trip to the territories seeking admission into the union. There were numerous calls for a strike, for beer, for beer, chairman of the committee, but he uniformly declined.

Senator Jordan Author of Bill
To Establish Agricultural
Institutions.

Session in the Upper House Yesterday
Was a Busy One—A Num-
ber of New Measures Were
Introduced and Several
Bills Passed.

The senate had a busy session yesterday morning. A number of measures were introduced, four senate bills were passed and one was lost, it not having received the requisite constitutional majority.

Senator Jordan, of the twenty-eighth, introduced one of the most important bills that has been submitted at the present session. It is a measure which provides for the appointment of a commission to investigate the feasibility of locating an agricultural and industrial school in each congressional district in the state.

The commission is to be composed of twelve members—the governor being the chairman—and each of the remaining eleven members coming from a congressional district. The commissioners are to be appointed by the governor within a short time after the passage of the act.

It is provided that the commission is authorized to receive donations from the districts in the way of land for the schools.

This bill is in line with a recommendation made by Governor Terrell in his first message to the legislature. The measure was referred to the committee on agriculture, where it will unquestionably receive a favorable report.

To Equalize Judges' Work.
Another interesting bill introduced was that by Senator Comas, of the third, to authorize the supreme court to arrange the different judicial circuits of the state into districts and to rotate the judges so as to equalize the work as far as possible.

At present some of the superior court judges are on the bench the greater part of the year, while others sit for about six months in the district.

The senate bill which failed of passage was that by Senator Perry, of the thirty-third, to amend section 1106 of volume 3 of the code, so as to provide that the compensation of special criminal judges shall be fixed by the judge of the court in which they are appointed, instead of by the ordinary or county commissioners, as now provided.

In executive session the senate approved the appointments of judges and solicitors for the year, which were transmitted to the upper house last Monday.

The following is a list of the appointments:
A. M. Raines, to be judge of the city court of Dawson for the full term of four years from December 10, 1902.
F. Brannen, to be judge of the county court of Bulloch county for the full term of four years from December 12, 1902.

Henry Reeves, to be solicitor of the city court of LaGrange for the full term of two years from January 1, 1903.
R. W. Moore, to be solicitor of the county court of Hancock county for the full term of two years from December 24, 1902.

E. M. Smith, to be solicitor of the county court of Henry county for the full term of two years from December 1, 1902.

Will Draft Resolutions.
On motion of Senator Lee, chairman of the penitentiary committee, Senators Taylor, Pack and Golden were added to that committee. On motion of Senator Skelton a committee of five was appointed to draft suitable resolutions touching the death of Senator F. J. Sullivan.

President Howell appointed Senator Skelton, Hopkins, Perry, Davis and Sead on the committee.

A resolution was introduced by Senator Middlebrooks, of the twenty-seventh, favoring an exhibit of the state's resources at the Louisiana Purchase exposition at St. Louis in 1904. The paper was referred to the committee on the state of the republic.

Senator Perry, of the thirty-third, was the author of an interesting bill introduced during yesterday's session. It provides for an amendment to that section of the code relative to the incorporation of railroads so as to relieve electric street railways from the operation of the law which prohibits roads establishing parallel lines within 10 miles of each other. The measure is designed to encourage trolley companies to operate suburban lines and help in building up rural districts.

Senate Bills Passed.
The following senate bills were passed:
By Senator Comas, of the Third—To repeal section 287, volume 3, of the code.
By Senator Perry, of the Thirty-third—To provide for the payment of costs and fees in cases in which services are performed by special criminal bailiffs of the superior or city courts, and for the disposition of the same.

By Senator Lee, of the Forty-fourth—To amend the charter of the town of Flintstone, in Walker county, so as to provide for a system of public works.
By Senator Linsinger, of the Twenty-second—To insulate declared or distributed from the actual legitimate net earnings of its investments for the "legitimate proceeds of investments" in the fourth line of section 631 of volume 3 of the code; and to add at end of the same line the words "and does not in any manner increase its debts."

Bills Introduced.
The following bills were introduced and referred:
By Senator Sweat, of the Fifth—To prohibit the adulteration of spirits through penitence and prescribe punishment for the same.
By Senator Comas, of the Third—To repeal the rotation of the judges of the superior courts of this state, and pre-

SENATOR HOPKINS
HONORED BY SENATE

Was Yesterday Elected President Pro
Tem of That Body.
SUCCEEDS SENATOR SULLIVAN

He Is One of the Ablest and Most
Popular Members of the Upper
House—Is Chairman of the
Appropriations Com-
mittee.

Hon. H. W. Hopkins, of Thomasville, who represents the seventh district in the upper house of the general assembly of Georgia, was yesterday unanimously elected president pro tem, of the senate. He succeeds the late Senator Patrick J. Sullivan, who died last week.

Senator Hopkins is one of the most popular members of the legislature and is a lawyer of statewide reputation and ability. He has already represented his county and district in the general assembly and has a splendid record as a conscientious and faithful legislator.

During the session of 1894 and 1895 he represented Thomas county on the floor of the house and the next session the seventh district sent him to the upper house with a handsome vote. He was honored again this session by his district by being returned to the senate. At present he is chairman of the appropriations committee of the senate, one of the most important committees of that body. He is also a member of the constitutional amendments, general judiciary, rules and railroads, of the senate.

Election Was Unanimous.
His election as president pro tem, of the senate took place shortly after the meeting of the members of the upper house yesterday morning. President Howell called attention to the vacancy existing by reason of the death of Senator Sullivan and suggested that it might be well to elect a successor.

Senator Van Buren, of the twenty-first, of the thirty-third, moved that the election be entered into. He placed Mr. Hopkins' name in nomination, saying:

"I have the honor to put in nomination the name of the gentleman from the seventh for the position of president pro tem of the senate of Georgia—the Hon. H. W. Hopkins."

Senator McMichael, of the twenty-fourth, offered an immediate second and was followed by Senators Harrell, of the eighth; Senator Van Buren, of the twenty-first; Senator Golden, of the thirty-eighth, and a number of others. The roll was called and Senator Hopkins received the unanimous vote of the senate. He was declared elected by the president.

Senator Hopkins thanked his fellow-senators heartily for the honor and paid a tribute to the memory of Senator Sullivan by saying he was doubly appreciative of the compliment that the senators should think him a worthy successor of the late president pro tem. He said he tendered his colleagues his most profound thanks for the honor.

During the session he was called to the chair and presided during the balance of the meeting. When adjournment came he stepped down from the chair and the senate followed out the usual custom of the presiding officer by bowing to the members, he was met by a storm of applause.

New Bills Introduced.
The following new bills were introduced in the house yesterday:
By Mr. Miller of Muscogee—To amend the charter of the city of Columbus, so as to provide for building a new water works system.
By Mr. Batts of Glynn—To amend the charter of the city of Brunswick, so as to provide for the incorporation of the town of Statham, in Jackson county.

HOUSE GUESTS
SPEAKER MORRIS

He Refused Unanimous Con-
sent To Change Committee.

Warm Debate Followed, in Which
Speaker Took the Floor—Action
on Tax Exemption Bill Is
Reconsidered—House To
Meet at 9 O'Clock.

Speaker Morris was upheld by the house yesterday when he refused to grant a unanimous consent to change the committee on education.

The question came up as the result of an effort to place Mr. Carrington, of Madison, on the committee on education, the rules prohibiting any changes in the committee after they are once constituted. The house can make changes by unanimous consent, and that was given in this case when Speaker Morris objected, and the discussion began.

Mr. Holder, of Jackson, chairman of the committee on education, requested in behalf of the committee that Mr. Carrington, of Madison, be placed on the committee.

"Mr. Carrington's name was printed in the newspapers as a member of committee on education," said Mr. Holder. "He is a school teacher and the committee, believing he would make a valuable member, have unanimously asked that he be assigned to work with them."

Speaker Morris ruled that he could not grant the request, saying: "The committee under the rules, because any change in the committee is prohibited after they are once constituted, I am unable to accede to the request."

"I have the honor to put in nomination the name of the gentleman from the seventh for the position of president pro tem of the senate of Georgia—the Hon. H. W. Hopkins."

Senator McMichael, of the twenty-fourth, offered an immediate second and was followed by Senators Harrell, of the eighth; Senator Van Buren, of the twenty-first; Senator Golden, of the thirty-eighth, and a number of others. The roll was called and Senator Hopkins received the unanimous vote of the senate. He was declared elected by the president.

SHOT BY ACCIDENT
HE BRINGS SUIT

L. G. Ricketts Says Negligence of
Street Railroad Caused Wound.
HIS GUN DISCHARGED IN CAR

Alleged That Violent Convulsion,
Caused by Sudden Starting of
Car, Caused Ricketts To Be
Shot Through Foot
with Rifle.

L. G. Ricketts, a barber, yesterday brought suit against the Georgia Railway and Electric Company for \$5,000, the allegations in the petition revealing a peculiar accident.

The plaintiff sues for being shot through the foot, claiming that the wound was due to negligence of the defendant. He states that in company with his wife, he was a passenger on an electric car and that the car stopped at the corner of Peachtree and Walton streets for passengers to alight.

He said that he was carrying in his hands a small 22 calibre parlor rifle, with the barrel pointing downward. It is alleged that he intended to alight from the car and that just as he started to step from the seat into the aisle, the car was started with a sudden jerk, and that he was thrown against the back of the seat in front of him. The violent convulsion, he alleges, caused the carriage in the gun to be discharged, the ball passing entirely through his left foot, entering about 2 inches from the end of the foot. The suit was filed by Attorney Shepard Bryan.

Mrs. Brown Sues for \$15,000.
Mrs. Laura A. Brown yesterday instituted suit for \$15,000 damages against the Louisville and Nashville Railroad Company as lessee of the Georgia railroad.

The plaintiff is suing for the death of her son, J. A. Brown, who, it is alleged, was killed on March 5, last.

The petition states that the deceased son, J. A. Brown, was a passenger on the Louisville and Nashville Railroad Company's car, and that he was killed near the Delta crossing. It is stated that he was aboard an engine and that he jumped off to throw the switch. It is alleged that he started across a parallel track, when he was struck by a passenger train and killed.

It is claimed that the engine pulling the train was backing out and that no warning was given of its approach. Negligence is charged. The suit was filed by Attorney Shepard Bryan.

Transfers of Property.
The following transfers of property were made yesterday with Deputy Clerk A. S. Dittler, of the superior court:
The New Manufacturer Company to Ella P. Hisey, property in College Park, \$500.
William C. Moritt to Mrs. Mary H. Hisey, lot on Gerard avenue, 45 by 115, \$150.

D. Guse to John D. Holt, lot corner of Peachtree and Adams streets, 10 by 100, \$100.
Lettia A. Drake to Peter J. Smith, lot on Spring street, 45 by 145, \$50.
Mussel V. Glenn to John D. Clayton, lot in land lot 22, seventeenth district, \$50.

H. Holt to J. T. Tuggle, lot on Randolph street, 25 by 180, \$40.
John W. Grant to J. B. Byer, lot on Tye street, 100 by 140, \$300.
R. C. Adams, by administrator, to J. C. Adams, lot on Emmett street, 30 by 60, \$50.

himself on any question before the house, and he would therefore vote to sustain the speaker.

Speaker Is Sustained.
The previous question was then called and on the call of the ayes and nays Speaker Morris was sustained by a vote of 112 to 34.

A resolution was then introduced by Mr. Felder providing that on account of his peculiar fitness for the position Mr. Carrington, of Madison, be placed on the committee on education. The resolution was referred to the committee on rules, which met immediately after adjournment to consider it.

The action of the house in defeating the bill by Mr. Candler, of DeKalb, to amend the constitution so as to authorize the legislature to exempt from taxation the property of the Georgia Normal and Industrial college, was reconsidered yesterday on motion of Mr. Candler, who was then allowed to withdraw the measure. It is understood Mr. Candler will make some changes in the bill so as to remove objectionable features and will then probably introduce it again at a later session. The resolution is one which has met with a great deal of favor and the fight for its success is by no means ended.

The house adopted the report of the appropriations committee recommending that all bills containing appropriation claims be referred to the committee on pensions, and they will take that course.

No Session on Thanksgiving.
The house, by a vote of 55 to 51, adopted a joint resolution by Mr. Harden, of Chatham, providing that no session of the general assembly shall be held on Thanksgiving, Thursday, November 27, and that that day be declared a day of rest.

Do not understand the resolution provides for a day of rest, as Mr. Hall, of Bibb, the speaker replied in the affirmative. "I do not object to that," said Mr. Hall, "but I don't want no more day of rest."

was called on the viva voce vote and the resolution was passed by the close vote of 55 to 51.

The resolution was then sent over to the senate for its action.

Under a switchman's consent the bill by Mr. Candler, of DeKalb, providing for a revision of the tax laws of the state and the appointment of a state board of tax assessors was read a second time and 300 copies were ordered printed for the use of the members and read.

Resolution was passed providing that beginning with next Monday morning the house shall meet at 10 o'clock, or an hour earlier, if that object to adjournment at 10 o'clock.

Mr. and Mrs. Brown Entertain

MR. AND MRS. EDWARD T. BROWN were the hostesses at an elegant dinner party last evening at their home on Peachtree. The occasion was to have been in compliment to Dr. Edwin A. Alderman, of New Orleans, but unfortunately he was detained, and will not reach the city until this afternoon.

The table was beautifully decorated with yellow chrysanthemums and brass candelabra holding yellow tapers and shades. The guests included Mr. and Mrs. F. B. Dancy, Mr. and Mrs. J. O. Wynne, Mrs. J. K. Otley, Misses Gertrude and Isabel Thomas, of Athens; Miss Mary Mitchell, of Ohio; Mr. Fleming Dubignon, Mr. Holland Ellis, Mr. C. B. Wilmer and Mr. George N. Napier.

Hall-McGee.
A BEAUTIFUL but quiet marriage was that of Miss Charlotte Hall and Mr. Thomas Hilliard McGee, which was solemnized last evening at the home of the bride's mother, on Washington street. Owing to the recent death of the bride's father no invitations were issued, only the immediate family being present. The young couple stood in the front drawing room before an improvised altar of white chrysanthemums and palms, where the marriage ceremony was impressively performed by Rev. W. F. Hollingsworth, pastor of the First Presbyterian church of Brunswick, an uncle of the bride.

As Miss Hall the bride has many friends in the city whom she won and told by her charming personality and vivacious manner. She looked lovely last evening in her clinging bridal gown of white chiffon, carrying a shower bouquet of bridal roses.

Mr. McGee is engaged in the wholesale clothing business, is prominent both socially and in a business way, and is receiving the congratulations of his many friends. Mr. and Mrs. McGee left immediately after the ceremony for points in Florida.

Miller-Griggs.
THE home of Mr. William Carpenter Miller, in Edgewood, was the scene of a beautiful and interesting event, being the marriage of his daughter, Miss Octavia Miller, to Mr. Lamar Griggs. White and green was the color scheme used in the decorations throughout the house, and this pretty combination was also carried out in the dresses of the attendants.

The ceremony, which took place at half past 8 o'clock, was performed by Dr. White, of the Second Baptist church, in the presence of a large circle of friends and relatives. The bride party made a lovely picture as they slowly descended the stairway, crossing over into the parlor where the ceremony was performed, the attendants standing against a background of white chrysanthemums and palms.

First came the ribbon bearers, little

The maid of honor also wore white, and carried white chrysanthemums. The bridesmaids' gowns were white, with sashes of pale green, and their bouquets of chrysanthemums were tied with green ribbon.

The ceremony was followed by a large reception, to which 600 guests were invited. At the bride's table, besides the wedding party, were seated Dr. White and Mr. Miller.

After the reception, Mr. Griggs and his bride left for New York, and on their return will be at home to their friends at the residence of Mr. Miller, in Edgewood.

Garnie-Freeman.

Clarkston, Ga., November 12.—(Special Correspondence.)—A number of the good women of Clarkston met at the hospitable home of Mrs. F. H. Cook last Friday and organized the Progressive Art Circle. The object of this organization is for the promotion of the various arts that tend to render home attractive and for the exchange of ideas beneficial to the mothers and sisters whose desire is to make their homes ideal homes and for congenial social intercourse. The officers of the circle are as follows: Mrs. F. H. Cook, president; Mrs. C. A. Mauck, vice president; Miss Arabella Chisholm, secretary; Miss Gertrude Moore, treasurer; Miss Juanita Chisholm and Mrs. C. A. Mauck, corresponding secretaries. The colors are royal blue and white. Mrs. Cook is at all times a charming hostess and all spent a delightful afternoon as her guests. At the close of the business transactions refreshments were served.

Meetings.

Regular meeting of Woman's Relief Corps will be held at the home of Mrs. C. G. Bradt, 10 Highland avenue, November 13, at 8 p. m., assisted by Mrs. Alice Kelley.

A special meeting of the Sheltering Arms will be held at the residence of Mrs. T. M. Martin, 100 Juniper street, this morning at 10 o'clock. All members are urged to be present.

MR. MORRISON'S STUDIO.

Hal Morrison Leaves Shortly for Florida.—The Public Interest.

The walls of Hal Morrison's studio, 708 Lowndes building, present to the eye of the visitor a picture of sublime beauty. Never were walls graced with work of art so valuable that were to be sold half as cheap. Mr. Morrison has hung 30 or 40 of his best efforts in oil that he is going to leave the city before his departure for Florida for the winter. He leaves in a short while and as long as he is gone, the studio will be a place where art should take advantage of it. Mr. Morrison and his works are both well known to be mentioned here. Nothing short of a visit to his studio can give an idea of the value of his work. His studio is open to visitors all day.

VALUE IS PLACED AT \$34,000.

Appraisers of Glenn Property Submit Their Report at Those Figures.

The appraisers who have been looking into the value of the Glenn property at the corner of Forsyth and Walton streets, which is desired by the government as a part of the site for the proposed new custom house, yesterday filed their report with the clerk of the United States court. The report states that the property is worth \$34,000.

Judge George Hillyer represented the government, Hon. Hoke Smith, the owners and Colonel W. S. Thomson acted as umpire. The property fronts 34 feet on Forsyth street and runs back 101 on Walton. It is now occupied by a two-story brick building, the lower floor of which is used as a fruit store. It is owned by the John T. Glenn estate, of which Mrs. Helen J. Glenn is executrix.

The appraisers appointed for the Koch property reported Tuesday as told in yesterday's Constitution, setting the value of this property at \$35,000. This makes the value of the two pieces of property already assessed \$32,000. This sum is much more than half the original appropriation, \$20,000, and the property assessed does not represent anything like half the land desired by the government.

The indications are that the appropriation will fall short of the value of the land by over \$50,000. A gentleman who is well posted as to the value of Atlanta real estate said yesterday that it would not surprise him to see the aggregate value of the property desired reach \$250,000.

One Bottle of Burnett's Vanilla Extract is better than three of the cheapest kind. Though costing a few cents more per bottle, its purity and great strength make it the most economical brand.

IN THE HOTELS.

"I would sure like to be home this night." This from Ben Shreve, a traveling man, who is well known among the business of this city. "The old town is straight crazy, I'll promise you that, and I can almost hear the newboys yelling 'Extra! Extra!' about the great trial. You see, every one has been hoping that Molinoux would be acquitted. Yes, they expected it of course, but they were also afraid something might happen that would lead to a disagreement of the jury. But now that the verdict of 'not guilty' has been returned, every one will be saying 'I told you so,' and there will be lines in the theatrical productions about it and everyone will yell whenever his name is mentioned. The verdict will be general rejoicing. Another thing, I'm sure there is only one question being asked in New York tonight, and that is what will happen to the great trial and reading the 'extra.' There's one noticeable thing about the Molinoux case. It brought out some very remarkable testimony. I think New York is progressing."

Eugene Foster, a prominent lawyer of Augusta, is a guest at one of the hotels in this city.

A party of well-known Georgians, who registered from Milledgeville, include T. O. W. Foster, D. Case, L. J. Lamar and G. Harris Whipple.

J. Y. Sage and wife, of Wallace, Ga., are making a visit to this city.

A Georgia capitalist, who has large interests in Atlanta property and enterprises, is G. W. Folker, of Monroe, who was shaking hands with his many friends in this city yesterday.

After All

There's no surer test of shoe worth than comparison—after shoes have been worn.

You take a "Dorothy Dodd" that's been worn, say a couple of months, and the ordinary shoe when it's been in service the same length of time; you'll find the "Dorothy Dodd" in full shapeliness at the instep, strong in arch-support, while the ordinary shoe will have its curve gone, a weakened shank without staying power.

The proper place for a shoe to bend is at the ball of the foot, never at the instep.

The curved shank between inner and outer sole is a vital point of the "Dorothy Dodd." Shape is never lost.

\$3.00 a pair.

THAT DOLLAR SHIRT WINDOW

We have the best Stiff bosom colored shirt For One Dollar—that's sold in Atlanta, or near here.

That's bold, perhaps, but we're positive—and you'll be, too, when you've seen and investigated the merits of the line.

First, there isn't another shirt sold at the price that's equal in texture—the workmanship, we'll say candidly, isn't excellent, the laundry work, being entirely by hand, is superior to other makes, and the patterns are perfectly beautiful.

The window tells the rest of the story.

FEELING IS BETTER COTTON MARKET

Buying Was Active on Strong Position
of Spot Cotton.

CLOSED THE MARKET FIRM

Price of 7 to 14 Points Scored—Transactions in Stocks Very Heavy, with Market Remarkably Feverish and Irregular.

New York, November 12.—The cotton market opened steady at an advance of 3 to 4 points. The improvement was on a better class of cables than looked for with less liquidation pressure. For a time the market ruled steady; then there came a break. This was a matter of 7 to 9 points on the more active positions. The loss had its start in renewed unfavorable stock market conditions. After the renewed selling, however, the market once more developed inherent strength. It became apparent that the spot markets of the country had not been responding to the speculative selling orders for spot cotton to the south turned up the fact that the New York market was 1-4 to 1-2 below the southern spot parity. On information of this character local sentiment became very strong in connection therewith, large freight engagements being reported, notably at New Orleans; but also at Atlanta and other ports. The probability of renewed exports upon a large scale. The evidences of a strong spot position started active speculative buying and on this market the closed firm at a net rise of 7 to 14 points. Throughout the session trading was very active, and the transactions in futures are estimated at 400,000 bales.

Review of New Orleans Market.

New Orleans, November 12.—Notwithstanding the underlying condition of the lower Liverpool the local spot cotton market is much firmer and factors are now inclined to hold out full prices for sales. Sales 8,000 bales, including 4,000 to arrive. Quotations unchanged. The futures opened 10 to 12 points up, followed away 4 to 5 points, but under the influence of heavy commission orders there was an improvement. After having advanced 5 to 10 points from the lower level of the day prices again fell. The market closed 4 to 5 points up, but the close was 5 to 9 points on the other positions.

The Dry Goods Market.

New York, November 12.—The monotony character of the market for cotton goods has been unbroken today in the department. The demand is quiet and prices unchanged. Print cloths are firm for regulars, but dull for wide goods. Men's wear goods dull and quiet. Dress goods quiet but steady.

The Following was the range of cotton futures in New York yesterday:

The Liverpool Market.

Liverpool, November 12.—12:15 pm.—Cotton, spot, with demand for spot, but no active trading; prices barely steady; futures, 1-2 to 2-4 points up, but the market was playing for same. There has been a large amount of liquidation during the past few days and the market is in a state of uncertainty. The demand for spot is strong, but the market is in a state of uncertainty. The demand for spot is strong, but the market is in a state of uncertainty.

H. & B. Beer's Cotton Letter.

New Orleans, November 12.—Liverpool advices were better than expected, but the market was not active. The demand for spot is strong, but the market is in a state of uncertainty. The demand for spot is strong, but the market is in a state of uncertainty.

Hubbard Bros. & Co.'s Cotton Letter.

New York, November 12.—A reactionary tendency after the weakness of the past week has brought many buying orders, which absorbed the distressed cotton. A rally was seen, but the market was not active. The demand for spot is strong, but the market is in a state of uncertainty. The demand for spot is strong, but the market is in a state of uncertainty.

THE DAY IN WALL STREET.

New York, November 12.—Transactions in stocks ran well over a million shares again today. The market was feverish and irregular. The action of the market gave warrant for the presumption that powerful financial interests had set themselves the task of supporting the market and establishing a condition of equilibrium. It was assumed that the Wall Street market had taken on an indiscriminate character that threatened serious results to the market. There was a further threatening break this morning, which was not in view of the rapid decline in progress at the close of yesterday's market. The impairment thus caused in the principal speculative stocks was not immediately reached of their brokers yesterday afternoon, brought in heavy selling orders to commission houses this morning, as a result of which opening prices were from 1 to 2 points lower than practically all the leading active stocks.

TRACK RECORDS LOWERED

By Carrier Pigeon, Adelaide Prince and Demurrer in Their Respective Races—Aethelred, 8 to 1, and Alpaca, 30 to 1, Among the Winners.

Washington, November 12.—The largest attendance of the week was at Benning's to witness today's races. The talent secured an even break on the day, three favorites finishing first.

Carrier Pigeon won the jumping race handily, and Adelaide Prince, after trailing the leaders to the stretch, drew away easily and captured the Dixie stakes. Cameron, heavily played in the last race, furnished the third winning favorite. Track records were lowered by Carrier Pigeon, Adelaide Prince, Demurrer and Cameron in their respective races. Sum-

entirely fifteen of the most prominent of the Atlantic amateur wrestlers, and all started training at the track yesterday.

Young Nelson said he was training for the first time. He was not injured in his fall and showed his gameness when he came out for an exhibition so soon after his harrowing experience. He was not at all discouraged, which was yesterday put in shape again, and Maya will follow Candy, Jr., with Lawson up, so that the event will be all over by 10 o'clock.

Nelson made a great hit with the people in his game fight against Walther, giving the champion of all champions the most exciting fight of the machine of Wat. Had Walther been content to remain on a half lap ahead he might have won without trouble, but Nelson would never have been satisfied.

Regarding the timers, the pair were going at a 1:28 salt at the time of the accident and Nelson was gradually drawn back to the 1:30 mark of the machine of Walther, which was laying right over on him as they rounded the bank. The marks on the track show that the fall occurred during the stretch, that the motors came down before they reached the spot, and that they slid just 40 yards to the spot where the men were picked up.

Colonel Sherman Crawford, the vice commodore, remarked that Shamrock III would be a more representative boat, in management and every other way, than ever before. He would accompany the challenger to the United States, and anticipated that he would be able to cable the Royal Water Racht Club.

Have the safe ready for the America's cup."

Chicago, November 12.—The racing at Lakeside today was rather tame. The weather was not the best for the first race, barring him from summary entry at Lakeside on the ground that he had been loped. The horse was well backed at 10 to 1, but failed to land inside the money. Weather clear and warm. Track ast.

Thomas Secured Three Diamond Rings There by the Same Schema.

Dr. R. H. Thomas, the young physician who was this week given a term of seven years in the penitentiary for diamond stealing and for forgery, yesterday confessed to the theft of three diamond rings from the Calhoun Jewelry Company, of Birmingham.

The confession was made to a member of the Birmingham firm, after that man had positively identified Dr. Thomas as the man who had secured the diamonds. The Birmingham man came to Atlanta yesterday morning and in company with Detectives Lanford and White visited the Power, where Dr. Thomas is confined. After identification, Thomas requested that he be allowed to talk to the visitor in private.

The request was granted and it was when that the prisoner admitted that he had been rightfully identified; that he had not stolen the rings. He informed the seyer that he thought his father would make good the amount of the stolen goods, and this is done, the Birmingham authorities will probably not prosecute. He was overjoyed at the news in Birmingham that he was free to return to the one in Atlanta, the man who identified him having carried the rings to the

Relieves Nasal Catarrh.

I am a great believer in Cheney's Expecto-rant and have been for a long while. It is very efficacious in nasal catarrh. A few drops snuffed up the nose will instantly give instant relief.

THE DISTRICT COURT OF THE UNITED STATES FOR THE NORTHERN DISTRICT OF GEORGIA.

In re S. A. Levy, Bankrupt. No. 946, In Bankruptcy.

To S. A. Levy, Greeting: For certain causes offered before the district court of the United States of America, within and for the northern district of Georgia, in and for said bankruptcy, we command and strictly enjoin you, having all other matter aside, and notwithstanding any excuse, that you personally appear before our said district court to be holden at Atlanta, in said district, on the 1st day of December: A. D. 1902, to answer to a petition filed by Bendet Isaacs and others in said said court, praying that you may be adjudged bankrupt, and to do further and receive that which our said district court shall consider in this behalf. And this you do under the pains and penalties of what may be lawfully imposed.

Witness the Honorable William T. Newman, Judge of said court, and the seal of said court, this 22d day of October, A. D. 1902.

W. C. CARTER, Clerk.

Memorandum: The defendant, S. A. Levy, is required to enter his appearance in the proceeding above stated in the clerk's office on or before the day at which this writ of subpoena is returned, or otherwise the adjudication will be made pro confesso.

W. C. CARTER, Clerk.

NOTICE.

Notice is hereby given that at the meeting of the Mayor and General Council of the City of Atlanta, held on the 3d day of November, 1902, an ordinance was introduced and read, providing for the construction of a sewer along and in Peachtree street from Decatur street to Auburn avenue. The general character, material and size of said sewer are as follows: From Decatur street to Walton street, of 18-inch vitrified pipe; from Walton street to Auburn avenue, of 18-inch vitrified pipe; brick manholes and catch basins. Said sewer is to be built in accordance with the plans, specifications and estimates of seven hundred and seventy-five dollars. Said ordinance will come up for final action at the regular meeting of Council to be held Monday, November 17, 1902, at 3 o'clock p. m. Said sewer is to be built in accordance with the Act amending the Charter of said City, assented to by the Mayor and Council on the 10th day of November, 1901, and the property and estates respectively abutting on said sewer, on each side of said sewer.

W. J. CALDWELL,
City Clerk.
